

## **Beyond L.A.**

### **Project Title: Biomedical Sciences Partnership Building, University of Arizona**

Description: BSPB is a research building for the UA College of Medicine on a new biomedical campus in downtown Phoenix. Establishing both an identity and visibility for the college, it is distinguished by a custom copper façade, a flexible lab platform easily adaptable to future needs, and light-filled spaces.

Executive & Design Architect: CO Architects

Associate Architect: Ayers Saint Gross

Contractor: DPR Construction/ Sundt Construction, Inc. Joint Venture

Building Owner & Developer: University of Arizona

### **Project Title: UC San Diego Jacobs Medical Center**

Description: To offer the community access to leading edge cancer, stem cell and surgical therapies, the design team, with UC San Diego Health, collaborated with doctors, scientists, nurses and engineers to build Jacobs Medical Center, a world-class destination for patient-first care.

Design Architect: Yazdani Studio of CannonDesign

Executive Architect: CannonDesign

Contractor: Kitchell

Structural Engineer: KPFF Consulting Engineers

Building Owner: The Regents of the University of California & University of California, San Diego

Building Developer: University of California, San Diego

### **Project Title: U.S. Bank Stadium**

Description: Over double the size of the previous venue, the 64,400-seat multipurpose stadium for the Vikings transforms the city skyline with a dramatic slanted roof and reflective glass exterior. Responsive to culture and climate, the angular design is inspired by Nordic structures and functions to shed snow.

Design & Executive Architect: HKS Architects, Inc.

Contractor: Mortenson Construction

Building Owner & Developer: Minnesota Sports Facilities Authority

## **Civic**

### **Project Title: Stoneview Nature Center**

Description: The Center and transformation of a 5-acre brown field site into community gardens was LA County's first design excellence Design-Build effort. The project's multi-layered solution for remediation and restoration represents a unique story of community, engagement and healing.

Design Architect: Ehrlich Yanai Rhee Chaney Architects

Contractor: Ledcor Construction, Inc.

Building Owner: Department of Parks and Recreation

Building Developer: Department of Public Works, Project Management Division II

Landscape Architect: Ahbe Landscape Architects

Artist: Fallen Fruit

## **Commercial Office Building**

### **Project Title: Nickelodeon Animation Studio**

Description: Nick wanted to expand and enliven their existing location to create an open and inviting campus where employees feel the freedom and inspiration of an artists' retreat. The team designed a new building and all interiors, a new pavilion, and redesigned the courtyard to reinforce the campus feel.

Design Architect: STUDIOS Architecture

Contractor: Environmental Contracting Company

Building Owner & Developer: Nickelodeon

### **Project Title: Ayzenberg Group**

Description: The first phase of new construction for a rapidly growing leading edge branding agency in Old Pasadena. The agency has grown in place by acquiring adjacent properties,

interconnecting and expanding them to create an urban infill campus. Phase 2, now in the works, will double the current complex area.

Design Architect: Corsini Stark Architects

Contractor: EPI Construction, Inc.

Building Owner & Developer: The Ayzenberg Group

**Project Title: UCLA Health Training Center, Home of the LA Lakers**

Description: The UCLA Health Training Center is the new Headquarters/Practice Facility for the LA Lakers. The focal point is the two exhibition courts flanked by player amenity/training spaces on the 1st floor. The 2nd floor houses Basketball/Business Op's and team ownership, with multiple views of the court.

Design Architect: Perkins+Will

Executive Architect: Rossetti

Contractor: Morley Construction Company

Building Owner: Los Angeles Lakers

**Design Concept**

**Project Title: Robertson Lane**

Description: Located in the heart of West Hollywood, Robertson Lane will bring a 9 story hotel in two towers with a total of 242 rooms, plus rooftop dining & pool. Upon 6 levels of subterranean parking, the project will also include meeting/event space, an underground nightclub, ground-level retail & restaurant.

Design Architect: Hodgetts + Fung Design and Architecture

Executive Architect: Price Architecture + Interiors

Contractor: MATT Construction

Building Owner: Robertson Court, LLC

Building Developer: Faring

**Project Title: First and Broadway Park (FAB Park)**

Description: FAB Park will provide a place to celebrate diversity and promote civic engagement in versatile spaces where art, food and nature bring people together. The park will feature a series of shaded spaces and movable site furnishings, multi-level restaurant pavilion and sculpted metal canopies.

Design Architect: OMA (Office of Metropolitan Architect)

Executive Architect: Gruen Associates

Building Owner: City of Los Angeles, Department of Recreation and Parks

Building Developer: City of Los Angeles, Bureau of Engineering

Landscape Architect: Studio-MLA

Structural/ MEP/ Sustainability Engineer: Arup

**Project Title: Los Angeles River Valley Bikeway and Greenway Design Completion Project**

Description: Landscape, architectural and urban design solutions re-imagine the most difficult 12 of the 51-mile “Riverway” and convert an existing maintenance road into a greenway and Class I bike path. New landscape and site improvements create a functional, flexible, sustainably-integrated river trail system.

Prime Consultant & Landscape Architect: Gruen Associates

Designer: Oyler Wu Collaborative

Co-Landscape Architect: Studio MLA

Civil Engineer: Psomas

Owner: City of Los Angeles Bureau of Engineering

**Project Title: The Shakespeare Center of Los Angeles**

Description: The renovation and expansion of the Shakespeare Center of Los Angeles (SCLA) will transform a 1964 warehouse construction into a two-story, state-of-the-art public theatre with retractable seating and stage trap, classrooms, workshops, and ancillary spaces.

Design Architect: SPF:architects

Building Owner: The Shakespeare Center of Los Angeles

**Education**

**Project Title: Katz Pavilion**

Description: A succinct project transforms a campus.

This new Pavilion and Commons Green —mandated to house a full-size basketball court—is now the iconic gym/culture/community center and garden centerpiece of this 18-acre hilltop campus. It melds with and transforms an existing building and landscape.

Design Architect: Lehrer Architects LA

Executive Architect: Lehrer

Contractor: Del Amo Construction

Building Owner & Developer: Stephen Wise Temple

**Project Title: Otis College of Art and Design Campus Expansion**

Description: The project is a radical reworking of the entire campus - reprogramming all the existing buildings, remodeling some interiors and constructing a new 4 and 5-story V-shaped housing and academic building with adjacent model shop to enclose the campus and reclaim its central quad as its heart.

Design & Executive Architect: Ehrlich | Fisher

Contractor: DPR Construction

Building Owner & Developer: Otis College of Art and Design

Landscape Architect: Ahbe Landscape Architects

Structural Engineer: Saiful Bouquet

Construction Manager: Freeman Group

**Healthcare****Project Title: Kaiser Permanente Baldwin Hills Medical Office Building (MOB)**

Description: The KP MOB located on a new 8.6 acre landscaped park in Baldwin Hills, CA is its newest and largest MOB to exemplify two experimental Southern CA initiatives: Cultivate—which upgrades depressed neighborhoods, and Project RAD- interior design that enhances interaction between staff and patients.

Design Architect: HOK

Contractor: Turner Construction

Building Owner & Developer: Kaiser Foundation Health Plan, Inc.

**Project Title: Shriners for Children Medical Center**

Description: The medical center offers specialized outpatient orthopedic services for young patients. It combines surgical, clinical and rehabilitation services within a glass-clad building on a sensitively redeveloped suburban site. Special therapeutic landscapes help patients on their journey to recovery.

Design Architect: CO Architects

Associate Architect: SRG Partnership

Contractor: DPR Construction

Building Owner & Developer: Shriners Hospitals for Children

**Hospitality & Attractions**

**Project Title: Kimpton Everly Hotel**

Description: Kimpton Everly offers a breath of fresh air. Settle into the bright, open living room featuring designer touches, or reboot in the privacy of a guestroom or suite. Every amenity has been handcrafted for comfort and ease from the ground-floor coffee bar and Ever bar to unique event space and pool.

Design Architect: Awbrey Cook Rogers McGill Architects

Contractor: Davis Reed Construction, Inc.

Building Owner & Developer: KHP Capital Partners

**Project Title: Dream Hollywood Hotel**

Description: Dream Hollywood pays homage to LA's unique midcentury modern architecture, but crafted with a contemporary framework for the lobby, guestrooms and rooftop. Inspired by hillside residences, the hotel has strong, seamless visual connections between the indoors and outdoors throughout the property.

Design Architect: Rockwell Group

Executive Architect: Killefer Flammang Architects

Architect of Record: Rockefeller Kempel Architects

Building Owner & Developer: Relevant Group

Hotel Operator: Dream Hotel Group.

**Project Title: Waldorf Astoria Beverly Hills**

Description: The Waldorf-Astoria Beverly Hills is the first of a multi-phase, fully entitled development on the Beverly Hilton Hotel site. With 360° views of LA, the hotel is comprised of 170 keys, 38 Suites, 3 Villas, a 3,400 SF Presidential Suite, two Jean-Georges restaurants, a La Prairie Spa, and ballroom.

Executive Architect: Gensler

Design Architect: Pierre-Yves Rochon, Inc., Gensler and Perkins+Will

Contractor: MATT Construction

Building Owner & Developer: Oasis West Realty

Elevator Manufacturer: Mitsubishi Electric US, Inc. Elevator & Escalator Division

**Project Title: Hollywood Bowl Box Office Plaza and Mid-Gate Entry**

Description: The new Box Office Plaza provides greater access to Box Office windows, a new marketplace, and the Hollywood Bowl Store. An expanded rooftop picnic deck provides greater capacity for patrons. Up the hill, the new Mid Gate expands ingress capacity and provides a centralized location for security.

Design Architect: Rios Clementi Hale Studios

Contractor: MATT Construction

Mid-Gate Contractor: Paul W. Speer Incorporated

Building Owner & Developer: Los Angeles Philharmonic

**Housing**

**Project Title: Custom LivingHome**

Description: A 3975sf, 5 bed, 4.5 bath, single family prefab custom LivingHome. The 6 module home was inspired by midcentury modern design blurring the boundary between exterior and

interior spaces while maintaining a strong sense of privacy. The home boasts highly efficient fixtures and C2C certified materials.

Modular/ Project Designer: LivingHomes

Interior Architect: Reddymade

Landscape Design: Fiore Landscape Design

Site Contractor: VRB

Structural Engineer (Modular): Innovative Structural Engineering

Modular Factory: Silver Creek Industries, INC

**Project Title: Wonderland Park Residence**

Description: The Wonderland Residence is a 3,700-sf remodel nestled in the historic mid-century Wonderland Park neighborhood of Laurel Canyon in Los Angeles. The project required a scheme that allowed the experience for the homeowners to feel as though they live among the trees.

Design & Executive Architect: Assembledge+

Contractor: Above Board Construction

Building Owner: Yaniv and Nina Tepper

Structural Engineer: CM Peck

Landscape Architecture: Fiore Landscape Design

Interior Design: Alexander Design

**Project Title: Anchor Place**

Description: Affordable housing community: 5-story, 120-units with 75 units for homeless veterans on a 27-acre campus. Ends the cycle of homelessness by restoring health and inspiring hope. Features onsite supportive services, fitness & yoga studios and expansive common areas for recreation/educational uses.

Design Architect: The Architects Collective

Contractor: Walton Construction Services

Building Owner: Century Villages at Cabrillo

Building Developer: Century Affordable Development, Inc.

Civil Engineer: KPFF

Construction Manager: Primus

**Project Title: Silver Star Apartments**

Description: Silver Star Apartments is a 49-unit affordable housing development for homeless veterans, which includes cutting edge sustainability features, including delivered zero net energy and gray water recycling. The project aims to meet the “Living Building Challenge” in addition to LEED and Energy Star.

Design Architect: FSY Architects, Inc.

Contractor: Dreyfuss Construction

Building Owner & Developer: A Community of Friends

**Project Title: Mariposa1038**

Description: The design for Mariposa1038 plays with Koreatown's burgeoning density with a pure cube, extruded to fit tight on its lot, and then formed to gesture back to the public street and surrounding context.

Design Architect: Lorcan O’Herlihy Architects (LOHA)

Contractor: Fortis 17 CRM Corp

Building Owner & Developer: Mana Hale LLC

**Project Title: WREN**

Description: WREN is a contemporary 362 unit mixed-use project. Built in a Type III modified construction type with two-levels of underground parking, two-levels of concrete construction above grade and five-levels of wood on top, an impressive density of 195 units per acre was achieved (totaling 515,585 SF).

Design & Executive Architect: Togawa Smith Martin, Inc.

Contractor: Morley/ Benchmark + Tishman, A Joint Venture

Building Owner: Mack Real Estate Group & AECOM Capital

Building Developer: Mack Real Estate Group

**Innovation and Technology in the Built Environment**

**Project Title: CSUN Sustainability Center**

Description: The LEED Platinum Sustainability Center is the California State University system's first completed Zero Net Energy-design building. The 8,000 sf facility houses the Associated Students Recycling Program and the Institute for Sustainability.

Design & Executive Architect: Gensler

Contractor: Gilbane Building Company

Building Owner: Associated Students, California State University, Northridge, Inc.

Building Developer: California State University, Northridge

**Interiors****Project Title: Awesomeness**

Description: The new creative workplace for Awesomeness, an entertainment media brand that caters to Gen Z, is located in Santa Monica's repurposed Pen Factory. The program includes a balance of focused and collaborative alternative work environments -production, screening and a myriad of spaces, inside and out.

Design Architect: Skidmore, Owings & Merrill LLP

Contractor: Howard Building Corporation

Building Owner: Lincoln Property Company

Building Developer: Awesomeness

MEP: ARC Engineering

Lighting: Horton Lees Brogden Lighting Design

**Project Title: Deutsch/ Steelhead Productions**

Description: Full architectural, structural, and MEP adaptive reuse of a warehouse building to new office space, stage, and post-production facility.

Design Architect: HLW International LLP

Contractor: Turelk, Inc.

Building Owner & Developer: Arroyo Hill Development, Inc.

**Project Title: RDC-S111 Urban Office**

Description: The new 34,100 square foot space transforms a vacant former Nordstrom Rack retail anchor into a vibrant creative workplace. The design concept is based on the notion of an “Urban Gallery.” The headquarter office was recognized by USGBC with LEED Platinum and was awarded WELL Gold by IWBI.

Design & Executive Architect: Retail Design Collaborative

Contractor: Pinnacle Construction

Building Owner & Developer: ETC Real Estate Services

Lighting Design: Oculus Light Studio

Furniture Dealer: Pivot Interiors

**Project Title: Para Los Niños Sixth Street Projects**

Description: With this series of projects Para Los Niños has renewed their 35-year commitment to providing stability and opportunity to children and families near Los Angeles' Skid Row. A new preschool and bold signage join their Family Center to form a city block of wrap-around services in progressive settings.

Design Architect: DSH // architecture

Contractor: Del Amo Construction

Building Owner & Developer: Para Los Niños

**Project Title: Don Francisco's Casa Cubana**

Description: Casa Cubana is the first cafe for the Don Francisco family serving coffee and food. It feels like you are in their family living room. Spanish tiles, tropical plants, custom furniture, and colorful, modern details capture their Cuban and Spanish heritage in a cozy space that still feels fresh.

Design Architect: Omgivning

Contractor: CalAsia Construction

Building Developer: Gaviña & Sons, Inc.

**Project Title: TEN50 Interiors**

Description: The golden era of Downtown Los Angeles can still be spied through doorways; glimpses into once-grand lobbies of stone and intricately formed metals from the 30's and 40's. That historical echo is the underlying mood of the Ten50 experience, beginning with “a vast black and gold lobby.”

Design Architect: Handel Architects

Contractor: Lend Lease

Building Owner & Developer: Trumark Urban

## **Landscape Architecture**

### **Project Title: 777 Aviation**

Description: Originally designed in 1968 by famed Los Angeles modernist architect Craig Ellwood, 777 Aviation is a newly reimaged and renovated creative office space. A series of outdoor rooms define and frame the 3-story structure, providing lots of different opportunities for meeting and collaboration.

Design Architect: LRM, Landscape Architecture

Architect: Skidmore, Owings & Merrill

Lighting Design: HLB Lighting Design, Inc.

Contractor: W.L. Butler Construction, Inc.

Building Owners & Developers: Embarcadero Capital Partners & Westbrook Partners, A Joint Venture

### **Project Title: Seaside Way Rainbow Bridge**

Description: The Rainbow Bridge is a 600-foot pedestrian bridge connecting two of Long Beach, CA's most important institutions. The bridge, which takes inspiration from the tides, is constructed from 76 custom-welded bent-steel and approximately 1,200 cubic yards of poured-in-place concrete.

Design Architect: SPF:architects

Contractor: Powell Construction

Building Owner: City of Long Beach

Building Developer: City of Long Beach/ Department of Public Works

Structural & Civil Engineering: Arup

Landscape Architect: Hood Design

## **Los Angeles & Mexico Sustainable Real Estate Award**

### **Project Title: The Wilshire Grand Tower**

Description: In the heart of DTLA, the new Wilshire Grand Center rises as the tallest building west of the Mississippi. It was Korean Airlines' vision to create an iconic tower that houses a hotel, sitting atop 18 leasable office floors. A welcome addition to LA's skyline and to the renaissance of downtown.

Design Architect: AC Martin

Contractor: Turner Construction

Building Owner: Hanjin International Corp./ Korean Air

Building Developer: Martin Project Management

Structural Engineer: Brandow & Johnston

Landscape Architect: RELM

### **Project Title: La Mexicana**

Description:

Architect: Mario Schjetnan, Victor Márquez

Development Partners: Dahnos Group

Owner: Mexico City

## **Mixed-Use**

### **Project Title: Row DTLA**

Description: A century ago this site was the terminus of the Southern Pacific Railroad. Today, it is a hub of another kind: a 21st-century commercial district linking downtown to Los Angeles' energetic Arts District. Unique retail stores and space for the arts enliven a creative office campus.

Design Architect: Rios Clementi Hale Studios

Executive Architect: House and Robertson

Contractors: City Constructors, Inc. & Bomel Construction

Parking Design: Choate Parking Consultants

Building Owner & Developer: Atlas Capital

**Project Title: The Wilshire Grand Tower**

Description: In the heart of DTLA, the new Wilshire Grand Center rises as the tallest building west of the Mississippi. It was Korean Airlines' vision to create an iconic tower that houses a hotel, sitting atop 18 leasable office floors. A welcome addition to LA's skyline and to the renaissance of downtown.

Design Architect: AC Martin

Contractor: Turner Construction

Building Owner: Hanjin International Corp./ Korean Air

Building Developer: Martin Project Management

Structural Engineer: Brandow & Johnston

Landscape Architect: RELM

**Preservation**

**Project Title: Freehand LA Hotel**

Description: Freehand LA is the adaptive reuse of the historic Commercial Exchange Building in DTLA into an upscale boutique hotel. The 13-story structure was built in 1925 as a spec office building, and is now converted into 226 hotel rooms with ground floor lobby and restaurant, and the rooftop pool and bar.

Design Architect: KFA Architecture

Contractor: Shangri-La Construction

Building Owner & Developer: Sydell Group

Interior Design: Roman and Williams Buildings and Interiors

Structural Engineer: Nabih Youssef & Associates

## **Renovated Buildings**

### **Project Title: Blue Sail**

Description: An extensive renovation of an uninspired house that failed to take advantage of the obvious assets of the property: the views. No square footage was added, but interiors were completely reorganized, taking down walls and reorienting living spaces to engage incredible views of the Pacific.

Design Architect: Ehrlich Yanai Rhee Chaney Architects

Contractor: Shramek Construction

Building Owner: Susan Harbert

Landscape Architect: Terremoto

### **Project Title: INSITE**

Description: Adaptive re-use of an aging industrial building in the popular market of El Segundo. The renovation program has preserved the industrial character of the building while providing a modern, state-of-the-art creative working environment catering to leading-edge industry tenants.

Design & Executive Architect: HLW International LLP

Contractor: SteelWave CDS

Building Owner & Developer: SteelWave

MEP Engineer: Kosher Schirra Goharizi (KSG)

Landscape Architect: KSA Design Studio

Structural Engineer: Hohbach-Lewin

### **Project Title: Temple Israel of Hollywood**

Description: The design for this progressive reform congregation called for flexible, interactive social and worship space informally infused with Jewish symbolism and traditions. Light-filled spaces create a new everyday focus to the synagogue, which is anchored by a traditional masonry sanctuary.

Design Architect: Koning Eizenberg Architecture, Inc.

Contractor: Sierra Pacific Constructor

Building Owner & Developer: Temple Israel of Hollywood

Project Management: Freeman Group

## **Retail/ Restaurants**

### **Project Title: RTA Melrose**

Description: A complex, dream-like space designed with geometric precision, meditative sensations, and positive/negative dualities. Concrete floors, black mirrors, wood surfaces, and blackened steel beams create a minimalist backdrop to the edgy fashion. Reduced exterior glass and added a new floating canopy

Design Architect: Dan Brunn Architecture

Contractor: Modaa Inc

Building Owner & Developer: RTA Brand

### **Project Title: Poppy**

Description: This space was designed to essentially exist as the live version of a surrealist painting. A hybrid nightclub concept portraying a fantasy world, transporting the guest into an underlying stream of consciousness -- filled with an extensive menagerie of characters from a storybook setting.

Design Architect & Contractor: Built Inc.

Project Owner: The h.wood Group

### **Project Title: Vespertine**

Description: Vespertine is an upscale, highly-rated restaurant for a world-renowned chef. The building, clad with a curving steel and glass facade, houses the dining room, kitchen, and outdoor roof deck. A garden, bar, water feature, and storage space support the main restaurant and complete the experience.

Architect: Eric Owen Moss Architects

Building Owner & Contractor: Frederick and Laurie Samitaur Smith, Samitaur Constructs

Contractor (Tenant Improvement): Howard CDM

Building Tenant: Jordan Kahn, Vespertine

## **Sustainability**

### **Project Title: Silver Star Apartments**

Description: Silver Star Apartments is a 49-unit affordable housing development for homeless veterans, which includes cutting edge sustainability features, including delivered zero net energy and gray water recycling. The project aims to meet the “Living Building Challenge” in addition to LEED and Energy Star.

Design Architect: FSY Architects, Inc.

Contractor: Dreyfuss Construction

Building Owner & Developer: A Community of Friends

## **Tripartite**

### **Project Title: Guangzhou Ballet House**

Description: The Project is a pilot for the comprehensive reform of professional artistic performance groups arranged by the Guangzhou Municipal Government, and the Guangzhou ballet house serves as a venue for shows and rehearsals for the Ballet, functioning for rehearsal, performance of dance drama, training.

Design & Executive Architect: Guangzhou Urban Planning & Design Survey Research Institute

Contractor: Guangzhou FuLi Construction & Installation Engineering Co., Ltd.

Building Owner & Developer: Guangzhou Ballet Culture and Art co., LTD (Guangzhou Ballet Troupe)

### **Project Title: Bishop Selwyn Chapel**

Description: The chapel offers a sanctuary and is brought together with the historic Saint Mary's, and opening to the Auckland landscape of volcanic cones and harbour, creating a sense of invitation and place and fulfilling the original concept of the brief as “worship in the garden”.

Design Architect: Fearon Hay Architects

Contractor: Aspec Construction

Building Owner: Anglican Diocese of Auckland

## **Under Construction**

### **Project Title: Hotel Figueroa**

Description: Historic rehabilitation of the 1926 Hotel Figueroa. Rehabilitation of the historic facade and complete renovation of the hotel's interior public space and guest rooms to provide guests modern amenities and comfort within the context of its original design.

Design Architect: Studio Collective

Executive Architect: Rockefeller Kempel Architects

Contractor: Shangri La Construction

Building Owner: Green Oak Real Estate, Capital Hall Partners, & Hartland Hotel Group

Building Developer: Capital Hall Partners & Hartland Hotel Group

### **Project Title: Melrose Place**

Description: Crafted with a focus on natural materials, Melrose Place is a multi-family project. Amenities include an entry courtyard and a rec room inspired by the indoor/outdoor lifestyle with vertical wood slats for shading. The offset building silhouettes add a playful sensibility to the modern ambience.

Design & Executive Architect: Kevin Tsai Architecture

Contractor, Building Owner, & Developer: Etco Homes

### **Project Title: The Culver Steps**

Description: The Culver Steps is public/private partnership between Culver City and Hackman Capital Partners that provides a 1.16-acre, four story mixed-use development comprised of 75,000 sq. ft. of creative office, 40,000 sq. ft. of retail and restaurant space, and a 35,000 sq. ft. public plaza.

Design Architect: Ehrlich Yanai Rhee Chaney Architects

Landscape Architect: SWA Group

Contractor: KPRS Construction Services

Building Owner: HC 9300 Culver, LLC

Building Developer: Hackman Capital Partners

## **Julius Shulman Emerging Talent Award: Live + blank + blank: Transit Oriented Communities in the 21<sup>st</sup> Century**

**Winning Project: Confluence**

School: Southern California Institute of Architecture

Team Members: Jose Avila, Erik Valle, Ann Gutierrez Velazquez

### **Community Impact**

**Project Title: LA Tourism, Leisure and Hospitality**

Team: AEG, LA Department of Convention & Tourism Development, LA Tourism & Convention Board, NBC Universal Hollywood, Metro

### **Grand Prize**

**Project Title: Vespertine**

Description: Vespertine is an upscale, highly-rated restaurant for a world-renowned chef. The building, clad with a curving steel and glass facade, houses the dining room, kitchen, and outdoor roof deck. A garden, bar, water feature, and storage space support the main restaurant and complete the experience.

Architect: Eric Owen Moss Architects

Building Owner & Contractor: Frederick and Laurie Samitaur Smith, Samitaur Constructs

Contractor (Tenant Improvement): Howard CDM

Building Tenant: Jordan Kahn, Vespertine
