

# Tutoring Program

In order to support our struggling students, we have created (2) opportunities for your student to seek support from our staff:

## Remote Tutoring Program:

- Your student may receive virtual tutoring from their teacher at the times listed on the virtual tutoring schedule that is posted on our website.
- Students must provide notice to their teacher prior to the session (either verbally in a synchronous class or in an email), and they will be invited to join a Schoology conference where they will participate in a live virtual tutoring session with their teacher.

## Face-to-face Tutoring Program:

- If your child as an IEP or is failing 3 or more subjects, they are eligible to participate in our face-to-face tutoring days at Prep. Tutoring days are listed on the Face-to-Face tutoring schedule on our website.
- While in our building, students must wear masks at all times and are socially distanced 6 feet apart in either our gymnasium or cafeteria. All health and safety precautions are taken, as listed in the Health and Safety Plan listed on our website.
- If you would like your student to participate in our face-to-face tutoring program, please contact Ms. Heather Dembek, our vice-principal and your child will be added to the roster ([hdembek@prepchs.org](mailto:hdembek@prepchs.org) or ext. 1100)

Virtual  
Tutoring  
Schedule
