To Whom It May Concern,

This letter is to confirm that GV Designs, LLC had designed Photovoltaic Solar Energy power systems for our company. The systems ranged in size from 500Kw to approximately 18 Mw, and totaled over 230 Mw.

We were particularly impressed with Mr. Vinokurov's professionalism and the rapid turnaround time on the requested projects. I would highly recommend GV Designs to any company who requires such services.

Sincerely,

Todd J. Colarusso, CEO
