## Will you be the next American Patriot?

Assume the identity of a Connecticut colonist and dress in period costume.

Through social interaction and education the club introduces young adults to colonial life, inspiring them to continue these genteel ways throughout their adulthood.

We also provide volunteer and community service opportunities.

*“Every child in America should be acquainted with his own country. He should read books that furnish him with ideas that will be useful to him in life and practice. As soon as he opens his lips, he should rehearse the history of his own country.”*
