

King Family Dental Care Dental Warranty

Investment in *optimal dental health* is a wise long-term decision. It is *only* obtainable when both provider and patient partner together to maintain *optimal dental health*. At **King Family Dental Care**, we strive to exceed your expectations.

King Family Dental Care's Responsibility

If your **crowns, porcelain veneers, onlays or partial dentures** need replacement within the first 5 years due to breakage, and the tooth is still savable, we will at no charge:

- Replace any crown with a new crown of the same type
- Replace any porcelain veneer with a new veneer
- Replace any onlay with a new onlay
- Replace or repair partial denture with same type of partial denture or same material

If your **bonded (tooth-colored) fillings** need replacement within the first 2 years after initial placement, we will at no charge replace any bonded filling with same type of bonded filling. **AMALGAM FILLINGS (silver) ARE NOT WARRANTIED.**

This excludes damage due to unnatural forces such as accidents, biting on non-recommended foods, and habits such as grinding or clinching. This also excludes a tooth which has been filled and the tooth itself has broken and needs a crown. We cannot predict if and/or when gum or nerve treatments may be required. If needed, they would require additional fees.

Patient's Responsibility

- Maintain your dental health by receiving routine dental cleanings twice per calendar year with our dental office. *If you have a history of periodontal disease (gum disease) you will be required to have 3 or 4 dental cleaning visits per year, depending on your diagnosis.* This allows us the ability to thoroughly check your restorative dental work at various intervals throughout the year.
- Gum infection and Bacterial decay easily spreads from one tooth to another, therefore your path to optimal dental health requires a comprehensive approach. All recommended treatment in the quadrant (quarter of the mouth containing the tooth in question), will need to be completed at our office within a one-year period.
- A **24-hour notice** must be given in the event that you are unable to keep your dental appointments with our office.
- **Warranty will be null and void if you do not perform the suggested treatment plan and receive the recommended number of dental hygiene cleaning appointments within a calendar year.**

I have read and understand King Family Dental Care's Dental Warranty.
