Extinguishing Media

Suitable Extinguishing Media

Use extinguishing media appropriate for packaging and surrounding fire *.

Specific Hazards Arising from the Product

Does not burn or support combustion.

Special Protective Equipment and Precautions for Fire-fighters

Firefighters must wear appropriate breathing apparatus and clothing. Combustion produces toxic fumes.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

Use the personal protective equipment recommended in Section 8 of this safety data sheet.

Environmental Precautions

It is good practice to prevent releases into the environment. Do not allow into any sewer, on the ground or into any waterway.

Methods and Materials for Containment and Cleaning Up

Use appropriate safety equipment. Small spill: sweep up and put into approved DOT containers for disposal or re-use. Large spill: DO NOT allow to enter waterways; sweep or shovel into approved DOT containers for disposal or re-use. Flush residue with large amounts of water.

SECTION 7. HANDLING AND STORAGE

Precautions for Safe Handling

Heat developed during diluting or dissolving is very hot. Use cool water when diluting or dissolving (temperatures less than 27°C).

It is good practice to: avoid breathing product; avoid skin and eye contact and wash hands after handling.

Conditions for Safe Storage
