

## Section 1

These comprehensive lists define courses that qualify a student for membership in CSF. All courses offered at your school **MUST** be considered for CSF membership, with the exception of the following courses which are **NOT ACCEPTABLE**:

- P.E., Courses taken in lieu of P.E.
- Lab/Teacher Assistant
- Library/Office Aide
- Study Hall
- Repeated Courses
- Courses taken on a pass/fail basis
- Summer school may **NOT** count for CSF membership. This includes summer college courses as well.

If you are unable to find an equivalent course title on the Standardized Lists for a course offered at your school, please rely on the information found on the CSF Website to determine course placement.

**REMINDER:** A CSF Chapter will remain in "good standing" when two requirements are met:

1. Submission of CSF Course Lists (due October 1 of each school year) to be used by students for semester membership
2. Payment of State Dues (due January 31 of each school year)

In order for seniors to be eligible for CSF monetary awards and receive the Sealbearer recognition at graduation, a CSF chapter must be in good standing and not be at risk of having their charter revoked.

### **Section 4**

#### Courses on List I

Courses on List I are ONLY the core curriculum classes as defined in the state framework. List I courses are: Grade-level appropriate (non-remedial), fulfill college preparatory requirements, and commonly taught in high schools throughout California.

Sheltered/Bilingual sections of the courses below are included on List I; Honors, AP, and IB sections and college courses of the courses listed below are included on List I.

Any college prep course substituted for and fulfilling the same requirement as a specific List I course may be considered a List I course. Any course listed below whose grades are established based on a reduced standard does not qualify for List I.

List I courses whose grades are established by reduced standards (e.g., RSP designated) are List II courses.

**\*\*Online courses:** An online and/or college course with the same or similar title as a List I high school course may be placed on List I (see Standardized CSF Course Lists on the CSF-CJSF website for placement) if it is a college-prep course with similar rigor and assessment, and is taken on the high school campus under the supervision of a credentialed teacher.

A student has the option to use an online or college course that is taken off campus for CSF membership purposes if the course has been placed on the student's transcript prior to the start of the semester. The adviser may use the Standardized CSF Course Lists on the CSF-CJSF website for placement in these circumstances, and there is no need for the adviser to put the off-site course on the course lists. These courses will not be eligible for a bonus point on the student's CSF application.
