Partnering for the Future of Vermont State Parks

In Vermont we take good care of the things we value.

Dear Business Owner,

Vermont's outdoor recreation opportunities make the "802" an extraordinary place to call home and are a great way to attract talent to your business. No matter where you're located, chances are your employees enjoy spending time in a state park nearby and would be pleased to know their employer values and supports our beautiful parks.

Vermont Parks Forever (VPF) is the nonprofit founded in 2013 to support Vermont's 55 state parks. With generous support from businesses, foundations, and individual donors, we work to increase park access for underserved communities, create innovative education experiences in the parks, and inspire environmental stewardship.

Your business can help preserve and enhance our state parks.

We invite you to support VPF's work in a way that will benefit your business, your employees and of course, Vermont's state parks. **Over the last two years, more than 30 businesses have joined our partnership program and we hope you'll add your business to this growing list!** We have included program details and will reach out shortly to discuss how you'd like to be involved in making our parks better for everyone.

Thank you and see you in the parks

Sarah Alberghini Winters
Executive Director
Vermont Parks Forever

Bill Supple, VPF Treasurer
Former President & CEO
Mammut North America, Williston, VT
