What's new

- Running Balance field available on the Accounts Receivable List shows how each transaction affects the client's balance

- My Week/My Month views for the Time and Expense Slip List allow you to see slips for the current week or for the current month for the logged in timekeeper
- Slip Proof selection filter for Time and Expense Slip List and related reports lets you include or exclude slips on proof stage
- New Slip Type selection filter for Billing Assistant, bills, and worksheets lets you include or exclude all time slips or all expense slips

In addition, this update includes resolution to issues reported, which will improve performance and your overall Sage Timeslips experience.

Please see Sage Timeslips Release Notes for more information.
