

*Fortune Pai Gow Poker is played with a 53-card deck consisting of a standard 52-card deck and one wild card. The object of the game is to split your hand into a five-card and a two-card hand with both hands beating the banker's five-card and two-card hands. The wild card can only be used as an Ace or as the fifth card in a Straight, Flush, Straight Flush or Royal Flush.*

*Call 1-877-775-8259 or contact the Shift Manager for further information.*

# HAND ARRANGEMENTS & PAYOFF

1. The players arrange their cards in two separate hands. The back hand (high) has five card and the front hand (low or second highest) has two cards. Cards are set according to poker ranking. Please note that a bike (A-2-3-4-5) is the lowest Straight.
2. A player winning both the high and low hand wins.
3. A player winning either the high or low hand has a tie (push)
4. A player losing both the high and low hands loses their wager.
5. The banker wins identical hands.
6. A hand, set in the front, that is higher than the back is considered illegal and will lose automatically, unless it is the banker hand which will be set using House Way.
7. Even money is paid for winning hands.

**Commission of 5% is paid on all winning hands.**

## HOUSE WAY

A dealer's hand must be set according to the following House Ways:

**No Pair:** Use the second and third highest ranked cards for the low hand.

**One Pair:** Always use the pair as the high hand and the highest-ranking cards for the low hand.

**Two Pairs:** Pair will be broken into three groups.

**Low Pair** ..... 2's through 6's

**Medium Pair** ..... 7's through 10's

**High Pair** ..... Jacks, Queens, Kings

**Low Pair with Low Pair** ..... Split unless holding King, Ace or Joker

**Low Pair with Medium Pair** .. Split unless holding King, Ace or Joker

**Low Pair with High Pair** ..... Split unless holding Ace or Joker

**Medium Pair with Medium Pair** ..... Split unless holding Ace or Joker

**SPLIT ALL OTHER PAIRS.**

**Three Pairs:** Always play the highest pair in the low hand.

**Three-of-a-Kind:** Always keep in high hand.

**Exception:** If they are Aces, play one of the Aces for the low hand. With Aces, always preserve the Straight or Flush.

**Straight, Flushes, Straight Flushes & Royal Flushes:**

**With no pair:** When given the choice to play either a Straight, Flush or Straight Flush play the category that allows the highest two cards to be played in the low hand.

**With One Pair-** Play the pair in the low hand only if the Straight, Flush, Straight Flush or Royal Flush can be preserved.

**Exception:** When the high hand contains an Ace or Joker and a pair of 10's through Kings, play the Ace or Joker in the low hand and the pair in the high hand. Play the pair in the high hand only if the low hand can be improved.

**With Two Pair-** Use the two pair rule.

**With Three Pairs-** Use the three pair rule.

**With Three-of-a-Kind-** Play the pair in the low hand.

**Exception:** With two Aces and a Joker, always maintain the Straight, Flush, Straight Flush or Royal Flush.

**Full House:**

**Three-of-a-Kind and Pair-** Always split and play the pair in the low hand.

**Three-of-a-Kind and Two Pair-** Play highest of the pairs in the low hand.

**Three-of-a-Kind and Three-of-a-Kind-** Play highest three-of-a-kind as a pair in the low hand.

**Four-of-a-Kind:**

**2's Through 6's-** Never split, play in the high hand.

**7's Through 10's-** Split unless an Ace or Joker can be played in the low hand and then keep four-of-a-kind in the high hand.

**Face Cards and Aces-** Always split.

**Four-of-a-Kind with a Pair (or Three-of-a-Kind):**

Play the pair (or pair of the three-of-a-kind) in the low hand except, always split four Aces.

**Five Aces:** Always split and play two Aces in the low hand. The only exception is if you also have a pair of Kings in the low hand and five Aces in the high hand.

## BEING THE BANKER

Unlike other Casino games, the player has the exciting opportunity to bank. This means the player has to provide enough money to cover all wagers on the table. The banker's objective is to have a better hand than all players at the table, including the dealer.

## FORTUNE BONUS BET

By playing an additional "Fortune Bonus" side bet the player's 7 cards are eligible for big payouts! The fortune bet and the basic bet are independent of each other. If another player gets Four-of-a-Kind or higher the player is also eligible for the Envy Bonus!

## Payouts

Hand	Bonus Odds*	Envy Bonus
Natural 7-card Straight Flush	8000:1	\$5,000
Royal Flush plus Royal Match	2000:1	\$1,000
