About My Grades:
Once logged in you can view your grades through two different access points on Blackboard 9.

# 1: From the My Institution tab click the “My Grades” link. Select a course and view your grades for that course.

# 2: Navigate through your courses. Access the Tools link then click “My Grades.” Select a course, and view the grades for that particular course.

Inside the “My Grades” link you will find grades for your courses and assignments in Blackboard 9.1.
