

Scott E. Ashton

Director

Scott Ashton is a member of the Board of Patient Airlift Services and serves on the Pilot and Safety Committee. He has been involved with PALS since 2015 and has helped foster the PALS relationship with the New York helicopter community.

Scott is Chief Commercial Officer of Tuvoli, a Directional Aviation Company focused on technology in the business aviation space. He is an ATP-rated pilot, and has single-engine land and sea, multi-engine, glider, and helicopter ratings. Scott is also a CFI Part 107 drone pilot.

He has contributed to PALS in the areas of public outreach, fundraising and as an active volunteer pilot. He has been quoted in Chief Executive magazine about being a PALS volunteer and has developed corporate relationships to support the efforts of PALS. He is an ardent aviation advocate and serves on the board of Eastern Region Helicopter Council where he fights to preserve airport and airspace access.

When speaking of his work with PALS, Scott states, “I’m so incredibly proud to be a part of PALS, and humbled by the contributions of the Aviation community to make others’ lives better. Aviation has a capacity to bring so much to people’s lives – especially when they are most in need, and the volunteers and staff at PALS live that every day.”

Scott is married to Sarah and they have two daughters and a son, and they reside in Farmington, CT. His recreational interests include serving as Board Chair of the New England Air Museum, glider flying, trap shooting, fly fishing, and boating.
