REPORT FROM THE EXECUTIVE

Activities have been numerous in the Synagogue in the past few months. Congratulations go out to all those who took part and especially those who participated in organizing these events. However a negative must be added. The majority of our members helping us out is very limited. This seems to be the normal in all communal organizations, but is it one that we have to accept? A general meeting of all members, men and women is called for at this time, to become more aware of the Synagogues functions and operations.

We will keep you informed as to the date of this very important meeting. The Synagogue will be holding our annual bazaar in April, date to be determined. For donations and volunteering for pickups etc, please contact Norman Gross, Issie Fishman, Isaac Silberman or Nat Yacowar.

An Editorial Committee comprised of Maurice Boxer, P. Elman, S. Garfinkle, Abe Rogozinsky, B. Roisman, L. Wolman and Nat Yacowar is being made to co-ordinate, through our bulletin, any special notices and community affairs. For more information contact the chairman, Nat Yacowar.
