EXPERIENCE WINEMAKING AT THE WINE FOUNDRY

Hands-on Education & Team Building Sessions

The Wine Foundry offers wine centric team-building and educational experiences for groups of 4 to 40. Each activity is hands-on and has you engage with actual winery equipment to explore a particular aspect of the winemaking process. Because the needs of your group are unique, we deliver seated or immersive experiences designed to engage, educate and entertain. We also design Custom Events, which bring the winery to your doorstep. Don't see what you're looking for? Just ask!

To book or for more information about our current experiences, email us at events@thewinefoundry.com or call (707) 637-8821 x7095.

CRUSH CAMP

\$125 PER PERSON, 2 HOURS, 4 GUEST / \$500 MIN

For individuals looking to roll up their sleeves and learn how wine is made, we offer Crush Camp. This authentic cellar experience engages you directly with wines in production. We'll explore each step of the production process while sorting, de-stemming and crushing grapes while managing fermentations. If you don't mind purple fingers, wine-splashed clothing and truly want to learn how top quality wines are produced, this immersive experience will remove the veil to winemaking Oz.

TASTING LAB

\$125 PER PERSON, 2 HOURS, 4 GUEST / \$500 MIN

The Sensory Laboratory takes the process of tasting to an entirely new level. During this hands-on activity, we'll don the lab coat and *Frankenstein* series of wines to dissect the roles of aroma, acidity, tannin and alcohol.

After unlocking each element of the tasting process, we'll sharpen palates and synthesize the experience by sampling

flights of award winning finished wines. If seeking wine geek status, Tasting Lab provides all the tools necessary to break a wine down to nuts, bolts and sub atomic particles.

BLENDING EXPERIENCE

\$125 PER PERSON, 2 HOURS, 4 GUEST / \$500 MIN

This 2-hour hands-on experience has you follow the same process our winemaking team uses to craft the award-winning wines produced at The Wine Foundry. In addition to learning how to dissect barrel samples from a winemaker's perspective, you'll use tools of the trade to craft several unique blends. Whether wine knowledgeable or wine curious, the Blending Experience is truly exciting and educational.

THE RESERVE EXPERIENCE

\$300 PER PERSON, 4 HOURS, 4 GUEST / \$1200 MIN

This experience is only available at the winery. Bored with the same old tasting room experience? Pull back the cellar door for an authentic hands-on winemaking adventure at our winery. The experience starts in the cellar where we'll lift the veil to winemaking Oz by working directly on wines currently in production. Following a lunch prepared by Five Town Grocery, you'll be led through an intimate barrel tasting focused on exclusive vineyard sites. You'll gain an understanding of the different terroirs of Napa and Sonoma, and be able to witness how the sense of place affects taste as wines evolve in the barrel. Next, we'll explore the role of blending; which is considered the highest art form in winemaking. This experience and personal interaction with winemaker is like nothing else in the industry. Each guest will leave with a bottle of our sister brand, Foundry Wines.
