

# Check Printing and Mailing Services

As part of Miria's ActiveOps solution, clients may choose to outsource the printing and mailing of checks. There are significant advantages to allowing Miria to provide this service as opposed to managing it in-house:

## Cost Reduction and Improved Service

Printing and mailing checks is not a core, internal function of many clients. Miria can bring expertise and scalability to drive your business efficiencies and lower overall costs. You are not required to make capital investments or long-term leases in expensive printing equipment, nor would you need to operate and maintain them internally. We also provide mailing expertise which ensures optimal delivery of your checks at the lowest possible cost.

## Enhanced Security and Data Protection

Our processes, controls and standards provide the highest level of security and compliance for protecting your sensitive data. We adhere to a host of standards and regulations, including SSAE18 SOC 1-2 Type II, GLBA, HIPAA, PCI DSS, IRS Pub-1075 and IRS Pub-4812.

Our check handling facilities repeatedly undergo information security examinations and audits by regulators, including the Federal Financial Institutions Examination Council (FFIEC) and the IRS.

## Increased Visibility

With our solution, you'll have 24/7 access to online check monitoring that allows you to track the status of each individual mail piece at every step of the production process.

## A Path to ePayments

Should you choose to transition from checks to ePayments in the future, Miria can readily facilitate a migration within our ActiveOps solution. This removes the burden of decommissioning in-house equipment and changing processes to get there.

To learn more about our Check Print and Mail Services or our ActiveOps solution, please call us at [484-446-3300](tel:484-446-3300) or email us at [info@miriasystems.com](mailto:info@miriasystems.com).

## KEY BENEFITS

- Reduced Costs
- Improved Customer Service
- Strong Security and Compliance
- Increased Visibility
- A Bridge to ePayments

## ADDITIONAL OPTIONS

- **Inserting**  
Should you require more than one mail piece enclosed, we can provide insertion services using sophisticated mail inserter machines.  
Zero-error processing technology for quick and efficient mailings.
- **Trans-promotional Marketing**  
Add customized and targeted promotional or marketing messages to existing communications and mail pieces.  
Helps keep your messaging and brand in front of your customers regularly.
