She explained that Resolution #17-61 is necessary to ensure compliance for the acquisition of 220 and 230 West Crescent Avenue. She then reviewed the ordinances that are scheduled for introduction this evening. With respect to Ordinance 17-02, she advised that the purpose of this ordinance is to appropriate $14,350,000 for the purchase of 220 and 230 West Crescent Avenue. She noted that the purchase price of this property is $13,750,00 and the additional funds are necessary to cover costs associated with this purchase. There is a $700,00 down payment required of which $325,000 is being utilized from the Borough’s Housing Trust and the remaining funds are being acquired through the cancellation of old capital ordinances. She expressed her opinion that the acquisition of this property is a great opportunity for Allendale. In regard to Ordinance 17-03, Mayor White advised that this ordinance will allow lighting on school athletic fields. She requested that Borough Attorney Wiss provide an explanation of this ordinance.

Borough Attorney Wiss noted that this ordinance is the culmination of an ongoing issue in the community which most recently has been in the form of extended litigation. He advised that, with the assistance of the governing body’s committee, they have engaged in an extensive process in which input has been sought from a land use expert and the Borough Planner as well as from both sides. He commended the governing body as well as the process itself and expressed his belief that the final product is fair and represents what is in the best interest of the community at large.
Mayor White praised the Land Use Committee for the time and effort spent in drafting this ordinance and noted that all the governing body members have been privy to the process as it has progressed.

Mayor White then reviewed the Consent Agenda. She highlighted Resolutions #17-66 and #17-68 and explained that the Grant Writer will be submitting a 2017 Municipal Aid Grant application to complete the second half of Donny Brook, noting that they had received a grant last year to complete the first half. She further advised that they will also be seeking grant money to complete sidewalk repairs from Boroline Road to Allendale Avenue.

Councilman Sasso advised that he will need to abstain on Resolutions #17-62 and #17-64 as his employer is a main competitor to Verizon Wireless and inquired whether they should be removed from the Consent Agenda or if he should abstain from the entire Consent Agenda. Borough Attorney Wiss advised that Councilman Sasso can simply indicate that he is abstaining on those resolutions when it is time to vote.
