**18-117/Authorize Allendale Land Use Board to Undertake Preliminary Investigation – Potential Redevelopment of Two Properties in D-1 Industrial Zone**

Mayor White provided an update on the status of the properties located at 220 and 230 West Crescent Avenue. She explained that these properties were purchased to address the Borough’s low and moderate housing obligations and to provide for certain additional municipal facilities, including the possible relocation of Borough Hall. A Vision Committee was established to assist the governing body in determining the best course of action with respect to these properties. Due to the very favorable real estate market, it has been determined that the best course of action is to sell 230 W. Crescent Avenue for development consistent with existing zoning which should defray a considerable portion of the costs for both properties. Due to the very favorable real estate market, it has been determined that the best course of action is to sell 230 W. Crescent Avenue for development consistent with existing zoning which should defray a considerable portion of the costs for both properties. Mayor White noted that the Borough will still be able to meet its obligatory low- and moderate-income housing component, provide for additional housing units for members of the community, construct a new Borough Hall together with ancillary municipal facilities which may include a senior citizen area, and expand the existing library into the
space currently occupied by the Borough. In addition to meeting the Borough’s current low- and moderate-income housing needs through the construction of four (4) units at 220 West Crescent Avenue, the construction of thirteen (13) senior rental units and three (3) first responder units are anticipated, providing for a total of twenty (20) housing units on site.

With respect to anticipated timelines, Mayor White advised that the Borough is currently working with a redevelopment financial consultant to maximize the Borough’s fiscal efficiencies moving forward, noting that the Borough Auditor was instrumental in having the governing body work with Bob Benecke of Benecke Economics. A resolution will be acted upon this evening to undertake a preliminary investigation into the redevelopment proposal which is a statutorily mandated referral. It is anticipated that the Land Use Board will consider adoption of a resolution at its June 20, 2018 meeting indicating that the proposal satisfies the criteria set forth in the redevelopment statute, and on June 28, 2018, the Mayor and Council will adopt a resolution to accept the resolution of the Land Use Board. If adopted, this resolution will then be sent to the NJ Department of Community Affairs. On June 28, 2018, the governing body will also formally introduce, by ordinance, the redevelopment plan as well as adopt a resolution providing for a solicitation of interest (“SOI”) by potential developers of the 230 West Crescent Avenue site. The Borough will receive the SOIs during the following thirty-day period, and if a proposal consistent with existing zoning and having favorable economic terms has been received, the Borough will be in a position to approve the same at its July 26, 2018 meeting. Should a developer propose a potentially favorable project which does not comply with existing zoning, that proposal, together with any required zoning changes, would have to be referred back to the Land Use Board for consideration.

Mayor White expressed that the governing body is very excited by the opportunities that are now before it and will provide further updates to the community as they move through this process.

Councilman Bernstein commended Mayor White as this process involved a lot of meetings. He noted that she opened participation on the Vision Committee to anyone who was interested irrespective of party affiliation. He expressed his opinion that the Borough is in a very good position as the process outlined is very forward thinking and has Allendale’s best interest at heart.

Councilwoman Homan echoed Councilman Bernstein’s comments and noted that it is a huge opportunity for Allendale to have so many options to consider moving forward.

Motion by Councilman Bernstein, second by Councilwoman Homan, that Resolution #18-117 be approved.
