What is feedOM?

feedOM™ is a B Corp registered in California that owns the license and trademark for the OM GUARANTEE™ certification mark and who sells OM Guarantees to support the work of charity partners.

What is the OM Guarantee™ Certification?

A sponsorship opportunity exclusively offered to socially-responsible companies that wish to make a positive social impact that is measurable and certified. The OM GUARANTEE™ (OMG) is a certification that can be used on a companies product and or service to show your company’s social impact clearly.

How Can it Help my Company?

Every OM GUARANTEE™ certified product you sell can give you a distinct marketing advantage over your competitors and help your company sell more products or services. On top of that, since the purchase of OM Guarantees are not a donation but a sponsorship, there are significant tax benefits as well.

How Can a Company Display the OM Guarantee™?

Once you purchase OM Guarantees, you can go to your company’s MY PURCHASES page, where you can grab your custom code to add to your website. This unique code will display the OM Guarantee™ certification on your website along with a running total of OMGs your company has delivered for each social output (feeding children, animals, or planting trees). You can also download a high-resolution version of the OM Guarantee™ certified QR code that you can use on your product or displays in your store.
