

Because of socialist Governors, County Judges, and Mayors across the fruited plain, 'We the People' must necessarily engage in a fight to takeback and restore our Constitutional rights and liberties!

How to defeat Tyrants. Be part of devising the RPBC's plan for the general election campaign. This election gives Republicans and Conservatives an excellent opportunity to roll back the onerous impositions implemented by socialist potentates (democrats) by electing Republicans from the School Board to the White House. This will be a general planning session open to all Republicans and Conservatives concerned about preserving the unalienable Rights endowed to us by our Creator, "that among those are Life, Liberty and the pursuit of Happiness." **It is time to stand up and be counted.** There is no longer any mistake about who our opponents are because their words and deeds have revealed them. *'We the People'* have witnessed the emergence of tyrants and there is no question where they stand and what they stand for. They have pulled back the curtain revealing their identity (totalitarians) and actions (totalitarianism).
