

*“As a stroke survivor, my function, walking, and recovery have improved significantly from horse-based therapy.” ~ AL*

*“The social interaction and exercise provided by Ridin’ High’s horse therapy has been crucial for my granddaughter’s life and mental health. Without it, she is very isolated.” ~ JP*

*“My daughter has experienced traumatic events in her life. Ridin’ High has provided her with interactive horse therapy and a supportive community—which created a path for her from anxiety and attempted suicide to stability, recovery, and hope.” ~ MK*

**It is clear from these personal stories that Ridin’ High’s core mission—to use horse-based therapy to serve riders with physical, cognitive, or emotional disabilities—is life-changing on many levels!** We are continuing to carry out this mission, despite the challenges presented by COVID. After a brief closure this spring, we reopened (with strict protocols in place) to the clear gratitude of our riders and their families. We are absolutely dedicated to continuing services to those with disabilities.

**Unfortunately, we just received word that we must cancel our biggest fundraiser of the year: The Ridin’ High/NCA Rodeo Finals.** While we clearly understand the decision, cancelling the rodeo represents a significant loss of income for our nonprofit organization. In fact, we depend on the rodeo to fund our horse therapy programs and rider scholarships throughout the entire year.

**We know many of you will want to continue to partner with us to provide life-altering equine therapy.** Because of that, we are enclosing a sponsorship form with a list of items necessary to operate our program. All sponsorships are tax deductible; additionally, if you would like we will provide publicity on our website and Facebook page. Best of all, you will be partnering with us so we can continue to provide equine-assisted therapy for our challenged riders. **Please join us in this important mission!**

*Happy Trails,*

*Nancy Bible, Founder*
