

VETERANS AFFAIRS CANADA

We just need a bit more information to properly submit your request for authorization.

FOR VETERAN PATIENTS: Would you like Tidal Health Solutions Ltd. to seek approval from Veterans Affairs Canada (VAC) for medical cannabis reimbursement coverage on your behalf?

Yes No

Have you registered as a VAC patient with another Licensed Producer?

Yes No

CONDITION / AILMENT

VAC requires Tidal Health Solutions Ltd. to report the specific condition on which your coverage is based.

VAC K NUMBER

Provide your VAC K number if you know it.

I have selected Tidal Health Solutions Ltd. to seek approval from Veterans Affairs Canada (VAC) for reimbursement, and authorize them to send the VAC a complete copy of the application and to bill the VAC directly for the cost of the patient's medical cannabis.

IMPORTANT: Tidal Health Solutions Ltd. does not guarantee VAC approval. Once your Tidal Health Solutions Ltd. application is approved, and until VAC approves your account, you will be able to make purchases with your own credit card. Once VAC approves your account they will cover the costs of your medicinal cannabis, up to the amount covered. Products other than medical cannabis are not eligible for VAC reimbursement and you will be responsible for payment for such items.
