WE’RE LOOKING FORWARD.
At Nichiha, we think the future is bright.

Your projects come in all shapes, styles and markets. That’s why Nichiha is dedicated to helping you build the perfect structure for you, clad in our Architectural Wall Panels.

We combine the aesthetic of your favorite building material with the uncompromising durability of fiber cement, giving you the look you want in considerably less time and for a fraction of the cost. Our expansive collection of textures includes metal, wood, block, stone and brick options in a full range of colors and finishes. Once you’ve used a Nichiha product, you’ll see the difference — and want to use it again and again.
MULTIPLE LOOKS. ONE SOURCE.
Less time managing, more time imagining.

Why settle for one look when you can get multiple textures and finishes from a single manufacturer? With Nichiha Architectural Wall Panels, you can mix and match cladding styles to achieve the varied look you’ve been searching for. Whether you’re looking for metal, stone, wood, concrete or brick, we have it all. Plus, all of our panel styles operate on the same clip installation system—saying goodbye to multiple contractors. You’ll be able to move from conception to completion with ease, all while saving time and money.

USEFUL TIP
Add the finishing touches to your next project with our Essential Flashing System on page 22.
Get polished sophistication in your color.

Modern appeal. High performance. Cost-effective. The Designer Series, featuring Illumination and Miraia, is ideal for contemporary design projects. With its satin finish, ease of installation and virtually limitless color palette, Illumination provides significantly more value than traditional aluminum composite and phenolic panels.

Miraia — the only product of its kind in the fiber cement market — offers a reflective, high-gloss finish, perfect for design accents and as an affordable alternative to metal. It’s available in Snow, Glacier and Onyx.

Schools | Multi-family | Mixed-use | Office Building | Healthcare

In just 3 simple steps, Nichiha’s Color Xpressions System opens your project up to a nearly limitless world of color possibilities. Backed by a 15-year limited factory-applied finish warranty, this premium feature can apply virtually any color to your design.

Just look for this Color Xpressions icon on select Nichiha products.

*See Nichiha warranties for detailed information on terms, conditions and limitations.
Create depth and intrigue with THE DIMENSION SERIES

Don’t settle for a single, flat look when the Dimension Series lets you add depth, texture and color to your designs. Our multi-dimensional Ribbed™ and Novenary panels bring visual interest to smooth surfaces, like glass or metal, with recessed reveals and striking shadow lines. An additional element, like color, is the perfect way to add another layer of depth and intrigue. The Dimension Series gives you the design flexibility you desire to bring walls to life.

Custom color and texture are often used to create depth to make small spaces seem larger. However, even large areas can benefit from these techniques to give flat designs more visual interest.

Take modern to the next level with distinct textures and tones.

The clean, modular look of the Nichiha Modern Series is a versatile choice for commercial and residential projects alike. The stylish tones and subtle seams are the perfect partner for gleaming glass and stainless steel. If you’re looking for a modern contrast, the cool hues glow when paired with the warmth of wood. This series offers two distinct textures to ensure you find the perfect fit. ArchitecturalBlock™ is a handsome, durable and cost-effective solution. The ease of installation and wide variety of corner options make it as popular with contractors as it is with clients.

Its partner product, TuffBlock™, offers many of the same features as ArchitecturalBlock, but takes urban to the next level with a tough, textured finish. TuffBlock is built to last with strong construction that stands up to everyday wear and tear, making it the perfect panel for high-traffic areas. Whichever panel you choose, you’ve picked one that packs a punch while saving you time and money in the long run.

CUSTOM HUES MEET MODERN DESIGN

With Color Xpressions, TuffBlock is now available in an array of custom colors. Learn more on page 6.
Get the natural look of wood with unmatched durability.

Nichiha provides the look of wood without the drawbacks of natural wood cladding. Built to last, our VintageWood™ and RoughSawn™ panels offer the rich textures of wood while providing color stability and withstanding extreme weather elements. VintageWood exudes modern refinement and works well in both modern and vintage designs. With its earthy appeal, RoughSawn adds rustic sophistication to all types of projects. Both products pair perfectly with glass, metal and block panels, adding a touch of warmth to the coolness of these materials.

VintageWood and RoughSawn are as versatile as they are durable. Our Wood Series panels can install both vertically and horizontally and can be used in interior and exterior settings. Hidden fasteners provide a clean and beautiful look. Creating the perfect match, Nichiha gives you the beauty of wood backed by the brawn of fiber cement.

Warm up your project with THE WOOD SERIES

VINTAGEWOOD UPDATE

Achieve the organic staggered look you love and take advantage of added design flexibility with our new VintageWood 1818 panels, measuring nearly 6 feet in length. Contact your rep to learn more.
Find imperfect perfection with
THE CONCRETE SERIES

Put a fresh face on industrial chic.
Take back your time with the Nichiha Concrete Series. Designed to mimic the natural texture of concrete, our two panels offer distinct textures and styles to fit your creative vision. Plus, with the power of fiber cement, you can enjoy the look and feel of concrete without the curing times, cracking or color inconsistency.

IndustrialBlock™ offers a distressed design with all the irregularities and characteristics of natural concrete. It can pair seamlessly with a wide range of products, whether you are aiming for a modern or vintage vibe. EmpireBlock™ delivers the look and feel of precast concrete block with a modern twist. Perfect for indoor environments as well as exterior cladding, it features a unique dimple that defines the look of industrial chic.

Both sets of lightweight panels can be installed vertically and horizontally, covering approximately 15 square feet per panel, and have the durability you’ve come to expect from Nichiha.
Achieve the look of stacked stone without piling on cost.

The Nichiha KuraStone™ family of products gives you the rustic stacked stone look you’ve been wishing for — without breaking your budget. Its rugged texture and color variation add interest and charm as an accent or as the main attraction for a building, and the wide variety of finishes and panel sizes provide a natural look no matter where you use them. Plus, the reduced material cost and simplified installation come together to save you time and money.

Find a cure for the common project with
THE KURASTONE SERIES
Bring the classic to the present with THE BRICK SERIES

Get a timeless brick finish without the traditional hassle.

The slight variations in color, the stately good looks, the grout lines — it’s all there in the Nichiha Brick Series. Thanks to a proprietary multi-layered coating process, the beauty of brick is built to last in these fiber cement panels. With five finishes, you have the freedom to create the brick building of your choice without the extra cost or hassle. These panels really do have it all; however, we did leave out the tons of weight and the extra time required to see your project to completion. We figured they wouldn’t be missed.
Gain rock solid solutions with THE MASONRY SERIES

Get the beauty of stone for a fraction of the price.

Nichiha’s Masonry Series makes grandeur attainable for every situation. Offering a distinct finish, this series of stone panels is as elegant as it is affordable.

With its subtle color and deep texture, our SandStone™ captures the look of limestone and adds a traditional design aesthetic to any commercial building. Covering approximately 9 square feet per panel, this finish goes up in a fraction of the time required by a crew of masonry contractors. Plus, with three color options, you have even more possibilities for customization — all backed by the power of fiber cement.

NO MORTAR, NO MESS
Prefinished panels eliminate the need for messy mortar or costly masonry-skilled labor, while still providing a textured finish and enduring design aesthetic.
THE DETAILS MAKE THE DESIGN.

Make your project stand out with our Essential Flashing System.

In architectural design, every detail counts. Our Essential Flashing System is designed to help you remember even the smallest part so you can easily complete your project with the highest level of precision. It includes the Nichiha accessories needed to complete the fiber cement installation system and create a clean, polished look for your building.

Nichiha takes accessory protection to the next level with a removable film layer. Once installed, simply peel off the film to reveal blemish-free fixtures.

Our starter flashing serves a dual role — ensuring your project is polished to perfection and operating as a bug screen to keep annoying pests away.

NOTE: EACH COMPONENT OF THE ESSENTIAL FLASHING SYSTEM IS SOLD SEPARATELY.
With our customized TAMLYN trim, your project practically finishes itself.

Nichihara’s TAMLYN trim adds the finishing touches to any project. Simple and sleek, this accessory is a cost-effective and time-efficient solution to finishing corners, windows and door trims. Offering five profiles specifically designed for Nichihara’s Architectural Wall Panels, TAMLYN trim provides weather-resistant coatings so you can expect low maintenance and long-lasting beauty.

NEVER FORGET THE LITTLE THINGS AGAIN.

Our installation hardware and accessories easily take your vision from the drawing board to reality.

For popular panels like VintageWood, we’ve made ordering easier by color matching all of our trim profiles to have in stock for fast delivery.

Thanks to our Color Xpressions System, Nichihara can customize trim to match any color you use on custom color panels.

**NEVER FORGET THE LITTLE THINGS AGAIN:**

Our installation hardware and accessories easily take your vision from the drawing board to reality.
Whether you are an architect, contractor, installer or builder, Nichiha ensures that you have all the information you need to make your project go as smoothly as possible. The way we see it, we are partners. Our website offers a comprehensive collection of technical information, installation videos, architectural details, in-depth specifications and everything you’ll ever need to know about installing Nichiha products.

**LOW MAINTENANCE**
No-fuss products. Little ongoing cleaning or regular maintenance needed. Bring your vision to life and ensure it looks great for years to come.

**ENGINEERED FOR PERFORMANCE**
Go beyond our durable panels and discover a meticulously engineered moisture management system that provides a vertical drainage point for air and moisture to exit.

**ANY WEATHER PRODUCT**
Products can be installed year round in any climate across the country. No geographical restrictions means more possibilities.

**NO MORTAR, NO MESS**
Prefinished panels eliminate the need for messy mortar or costly masonry-skilled labor.

**EASY INSTALLATION**
Time-saving clip installation system that reduces construction time and minimizes installs.

**READILY AVAILABLE**
Always available. Directly stocked to ensure fast delivery when you need it.

**DESIGN REVIEW GUIDE**
Download our quick reference guide to get an overview on our Architectural Wall Panels.

---

**THE ULTIMATE CLIP**
Creates a hidden fastening system that all but eliminates face fastening. Installation is quick and easy and never require specialty subcontractors.

**NICHIHA’S JOINT TAB ATTACHMENT**
Is designed to support panel lateral stability, helping vertical joints stay tightly closed. The tab fits in place easily and is fastened to the Ultimate Clip with provided screw.

**DRAINED AND BACK-VENTILATED RAINSCREEN**
Design allows water to escape and air to circulate, reducing the risk of mold and water damage inside the building.

**THE ULTIMATE STARTER TRACK**
Pulls double-duty. It ensures a fast, level installation, and its patented drainage channel directs water out and away from the base of the wall.

---

**NICHIHA ARCHITECTURAL WALL PANELS**
Are lightweight, easy to handle and available in a virtually endless color palette and a diverse offering of textural finishes.
THE POWER OF POSSIBILITIES
AND PARTNERSHIPS

Your creative vision is unique. That's why Nichiha offers you the power of cooperation to help your project move from conception to completion. Our ever-expanding offering of textures and finishes lifts buildings to new and unexpected places, and we want to share them with you. We place a high value on our relationships and are proud to work with our dedicated partners across the country. Join us to discover the power of possibilities and partnerships with Nichiha.

SILICA DUST WARNING: Nichia products may contain some amounts of crystalline silica [a.k.a. sand, silicon dioxide], which is a naturally occurring mineral. The amount will vary from product to product. Inhalation of crystalline silica into the lungs and repeated exposure to silica can cause health disorders, such as silicosis, lung cancer, or death depending upon various factors. To be conservative, Nichia recommends that whenever cutting, sawing, sanding, snipping or abrading the product, users observe Safety Instructions. For further information or questions, please consult the MSDS, your employer, or visit osha.gov/SLTC/silicacrystalline/index.html and cdc.gov/niosh/topics/silica. The MSDS for Nichia products are available at nichia.com, at your local Nichia dealer or through Nichia directly at 1.866.424.4421. FAILURE TO ADHERE TO OUR WARNINGS, MSDS, AND OTHER INSTRUCTION MAY LEAD TO SERIOUS PERSONAL INJURY OR DEATH.
