

Class A or B CDL Truck Driver Truck Driver Description

Job Summary

Class A or B CDL Truck drivers are essential to our KN Construction, Inc. team; you will be transporting aggregate, rubble or equipment to/from job sites to assigned jobs. Reports to Building Superintendent/Excavation Foreman.

Essential Job Functions

- 1) Follow the proper pre-truck inspections as required by the company. This includes, but not limited to: checking tires, lights, brakes, fuel and all fluid levels prior to starting the truck.
- 2) Responsible for keeping your truck and box clean. You will be required to climb into the truck box to clean the box out with a shovel or scrapper at the end of every work day.
- 3) Use maps to determine the best route to the job site (if unsure check with supervisor). Asphalt job routes will be determined by supervisor.
- 4) Must understand and follow all company safety policies.
- 5) Position the truck to discharge the load as directed at the job site.
- 6) Observe speed limits and safety policies when on private property.
- 7) Be able to back up your truck on sites using side mirrors (this is a large part of your job).
- 8) Maintain time cards, logs, and scale tickets. All required documents must be turned in at the end of each day. Track all loads/times between companies.
- 9) At times assist other employers in misc. tasks in which may be shoveling, traffic control, power washing equipment.
- 10) Comply with all applicable federal, state and local laws.
