Canadian Chapter IECA Board Meeting

June 26, 2019, 12 p.m. to 12:30 p.m. EDT

Present: Robert Wills, Brad Fairley, Ron Bisaillon, Glenn MacMillan, Harry Reinders

1. Approval of Minutes – Harry made motion to approve the minutes of the meeting for May 29, 2019. Seconded by Rob. Approved by all.

2. TAC Conference - Chris to update on options for our Chapter to be involved with the TAC Conference in Halifax in September at our next meeting.

3. Vancouver 2020/2021 Regional Event – City of Vancouver has expressed interest in a larger LID/ESC Conference in the Vancouver area in either the fall of 2020 or spring 2021. Glenn and Trent to look into options including partnering with ESCABC and will report back. Glenn is also in discussion with folks in the City of Kelowna area about a potential stormwater event in the Kelowna area.

4. Manitoba Regional Event – Mark and Risa are planning a regional event in Winnipeg on January 24, 2020. The theme of the workshop is How to Write and/or Review ESC Plans. An agreement has been signed with IECA regarding delivery of the event.

5. Stream Restoration Event – Brad is organizing a 1-day Stream Restoration Workshop for this fall in the Toronto area. Details being worked out.

6. CSA Standards Update – The CSA research project “Turbidity Monitoring: Addressing gaps for ESC Stakeholders in Canada” will be completed by August. The final document will be posted on our website. CSA is interested in initiating pilot projects across Canada to test and evaluate the new standard. Let Glenn know if you know of any potential pilot projects. Harry mentioned a Stormwater Pond Retrofit project in Waterloo as a potential pilot project. Harry to send Glenn details.

7. Project Highlights – Send Glenn any ideas for project highlights to include in our monthly newsletters.
