

July 2020

In our own way, each of us has embraced the reality that technology has had a major impact on our everyday lives. Technology also has the power to *transform learning and create innovative methods in teaching*. Although our classrooms and curricula will forever contain books, it's time to go beyond our standard SMARTBoards and computer lab - in order to educate and groom 21st century global citizens.

Trinity Lutheran School has added *Educational Chromebooks* to our curricula in grades **3 - 8**, each student will be required to have a Chromebook. They need to be fully charged and ready to go for each day of school.

Two suggested models to this complete educational experience are:

Acer CB5-132T-C1LK R11 Chromebook Convertible TouchScreen 4GB model	ASUS Chromebook C202SA-YS02 Ruggedized & Water Resistant for Education NOT TouchScreen 4GB model
--	---

Each student's Chromebook **MUST** include:

- 11.6 inch Screen-Size – No Larger
- 4gb RAM
- Bluetooth Support
- Chrome Operating System
- Touch-Screen (optional)
- Convertible/Flip Feature (optional)

Chromebooks can be purchased at many of the following places:

- **Best Buy**
- **Walmart**
- **Target**
- **Office Depot**
- **Staples**
- **Amazon.com, and**
- **The Google Store**
