RE: New Developmental Disabilities Waiver (DDW) Allocation Group

DATE: June 18, 2019

This year's legislative session appropriated money to remove individuals from the Wait List for DD and Mi Via waivers. DDS/D identified the recent 330 individuals on the Wait List and sent them Letters of Interest on Friday, May 10, 2019.

DDS/D has made multiple attempts to contact individuals in the allocation group. Unfortunately, there are a significant number of individuals in each region that have not responded. We are seeking assistance from our partners and stakeholders. Please share the information below as appropriate.

Individuals with DD Waiver registration dates prior to the following dates, should contact Intake & Eligibility as quickly as possible, at the numbers listed below:
