WITH PROTRAC YOU CAN E- MAIL – FAX – or PRINT an INVOICE

When the pick ticket is completed it is given to an accounting person to review and to create an invoice.

With ProTrac you can print a original invoice for delivery and send a E Mail directly to the florist. This can be done at the same time. If you wait and email later, the invoice will indicate that this is a REPRINT of the Original Invoice.

With the new ProTrac Program both the Print and the E Mail would be done at the same time, as that is the instructions in the Customer record

When you tell ProTrac to print – ProTrac will already know that you want to Print and Email or Fax the invoice to the customer. You would set that up in the customer's profile screen, Page 2 of this document. The invoice on the next page will be Printed and or E mailed/ Faxed as a PDF and with your logo, it will look very sharp. Mel Carney
