

How to use the audio / video

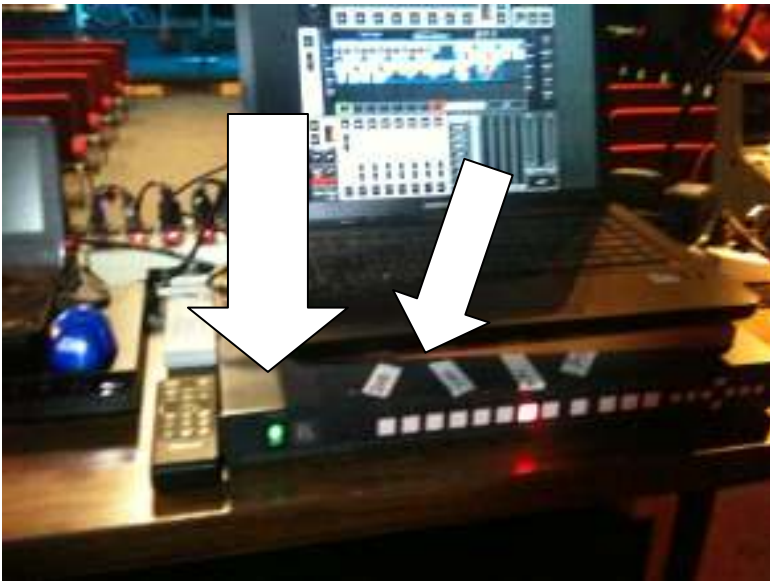

1. turn on the switch by the bass guitar on back stage.
(one on the right)

2. turn on the power strip
under the black ladder next to
Roberts office.

3. turn on the bottom 3 amps
in Roberts office.

4. turn on the power strip next to the sound board.

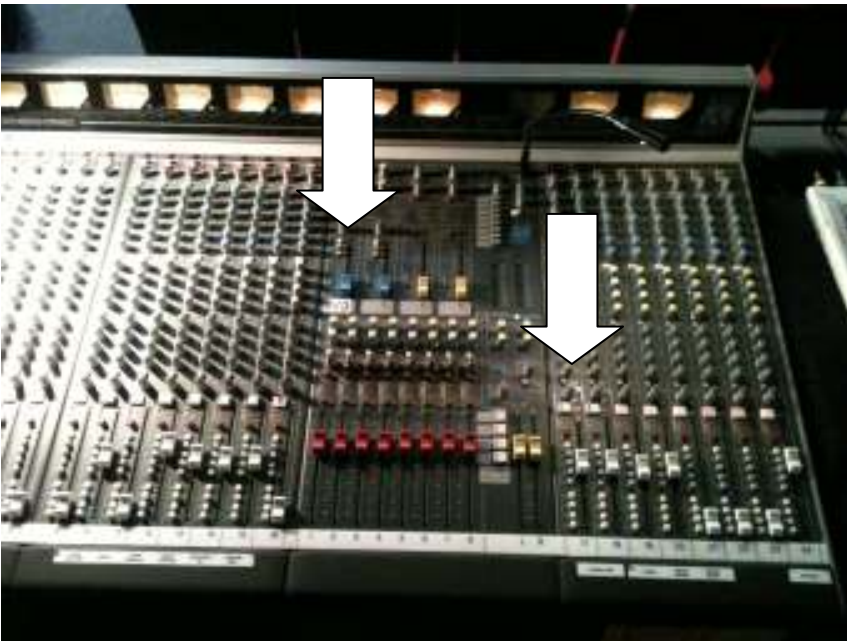

5. go behind the audio / video stage. Turn on the Kramer video switcher. Push the white button that says DVD.

6. turn on the DVD player with the small screen. Switch is on the front /side / right.

7. Hold up the 2 remotes to turn on the projectors. The white remote works the center projector. The dark remote works the 2 side projectors.

8. sound for the DVD is the **blue** slider on the middle of the sound board. If you are using the computer, use the 2 sliders marked computer on the sound board.
