

DEVIL'S DREAM TECH CHECK: 2-3 NOTE SLURS

TECH CHECK INSTRUCTIONS: A slur is the name for more than one note in a bow stroke. The break on Devil's Dream (available only in full in the Method Book) uses slurs to change the feel of the melody. It would be useful at this juncture to go back and review earlier Tech Checks, adding slurs to some of the scales, as in Shady Grove for example. Try the opening line of Devil's Dream with and without slurring the notes as given below.

1. Basic slur

2. Two note slurs with the lead

3. Three note slurs

DEVIL'S DREAM
