NW Crops and Soils Grain Research Tour

LOCATION: Borderview Research Farm, 146 Line Road, Alburgh, VT ([Directions](#))

HOSTS: NW Crops and Soils Program

DATE: June 29, 2012

TIME: 1:00pm—3:00pm

COST: Free

The NW Crops and Soils Program has been busy! Come check out all the grains trials that are usually harvested by the time of our Annual Field Day. There are over 1000 plots of spring and winter wheat, heirloom wheat, spring and winter barley, and oats. We also have small grain trials on planting dates, weed control, and organic fertility!

For more information or to register, please contact:

Heather Darby or Erica Cummings by **June 28, 2012**.

Phone: 802-524-6501 or email: heather.darby@uvm.edu or erica.cummings@uvm.edu
