

## What to Wear & Bring

Campers should wear comfortable clothes that it's okay to get dirty. *Please keep in mind this is an outdoor camp on a farm with a creek; campers should wear clothes it is okay to get dirty, wet, and possibly ruined. We are not responsible for items that are damaged or lost.* Please **label all clothes, shoes, water bottles, backpacks and other items!**

**TIP: Campers may want to bring two backpacks or a backpack and duffle bag: one to leave here for the week items noted below, the other to bring back and forth daily!**

### To Wear Daily:

- Short sleeve shirt
- Long sleeve shirt on cool mornings
- Shorts or Long pants\* Fine to wear swim trunks in place of shorts if comfortable. In that case, please also send shorts for after swimming!
- **Tick-repellent clothing.** While at camp, we recommend campers wear light colored clothing treated with permethrin, an insecticide that repels and kills ticks and mosquitos on contact. Its formula is safe and EPA-approved, and can be used on clothing. Parents can spray it on their child's clothes at home or can purchase pre-treated clothing and gear with the Insect Shield label from retailers such as LL Bean or REI. Parents can also send clothing directly to Insect Shield to be treated. <https://www.insectshield.com>; <https://www.acacamps.org/news-publications/blogs/camp-connection/tips-lyme-disease-prevention-camp>
- Bathing suit under clothes, if comfortable (Saves changing time!)
- Closed toe shoes and socks
- Hat and sunglasses (optional)
- Sun screen, bug spray, deodorant for older campers, applied at home
- Campers may wear riding attire to camp on "Riding Days."\* (See Below)

### To bring in a Backpack Daily:

- A nutritious lunch and snack in an insulated lunch box. Please NO PEANUTS OR PEANUT PRODUCTS.
- Reusable water bottle, filled with ice and water (two is better!)
- Creek exploration:
  - Bathing suit or change of clothes to wear into creek (Fine to wear under clothes if comfortable)
  - Boys: Swim shirt & swim shorts/suit required.
  - Girls: Swim shirt & swim shorts preferred. May substitute bathing suite & cover up shirt/shorts.
  - Small towel
  - Closed toe water shoes. Must have an attachment around the ankle; no flip-flops. Old sneakers work great. Completely closed water shoes seem best for keeping little pebbles out.

**To Leave in a Duffle Bag at Camp for the Week. Please tie red yarn on handle to indicate which bag/backpacks are to stay. We will provide yarn at check in the first morning. Or campers may bring these items back and forth daily, your choice!**

- Sunscreen. Please assist/remind your camper in applying before the start of camp in the morning, preferably not during carpool.
- EPA-approved tick repellent (such as DEET or picaridin) and insecticide (such as permethrin) to skin, clothing, and shoes as directed. EPA-approved, CDC-recommended repellents containing 20% Picaridin, 20%-30% DEET, or 30% natural Lemon

14325 Birmingham Hwy., Alpharetta, GA 30004

Eucalyptus oil are the most effective. <https://www.acacamps.org/news-publications/blogs/camp-connection/tips-lyme-disease-prevention-camp>

- Rain jacket with hood, preferably waterproof. NO UMBRELLAS PLEASE.
- A complete **change of clothes** in a plastic bag to be kept in the backpack for the week.
- **\*Riding Attire:** Long pants, closed toe shoes, preferably with a heel; nothing dangling, (such as long earrings, necklace or a superman cape.) Campers may wear their riding clothes on the mornings of their scheduled riding days. The riding schedule will be emailed several days before the start of each week. In the event of rainy or windy days, riding days will be rescheduled.

**At the end of the day, once at home, please:**

- Check your camper for ticks
- Put clothes in the dryer for 15 minutes
- Have your camper take a bath, especially before being with children under age 5 or the elderly.
- See other recommendations for tick awareness at <https://globallymealliance.org/education-awareness/be-tick-aware/>
- Contact the camp director immediately in the unlikely event things are not going as expected.

**On the first day, please send:**

**Medication:** If the camper is to be given medication during camp, or has an Epi-pen or an inhaler, it must be sent the first day in the original prescription bottle with the camper's name officially typed on it. Medication will be stored in a secure location, and given to camper as instructed during the week. Please complete the section on medication in the health history form.

**Campers should NOT bring:**

Electronic devices, such as cell phones, iPods, computers, electronic games; money; any valuables, including valuable jewelry; expensive shoes or clothing; sports equipment; stuffed animals or toys; pocket knives, controlled substances, over the counter or prescription medication. Magnolia Farm reserves the right to remove these or other inappropriate items. Such items will be returned to the camper's parent at the end of the day. Magnolia Farm is not responsible for lost or stolen items.

**Lost & Found Basket:** At carpool daily and during the Parent Open House on Friday. All unclaimed items will be donated to charity at the end of camp.
