# A SNEAK PEEK INTO PINBALLWIZARD

Located in the basement of Sim Lim Square, Pinball Wizard breathes fresh life into the iconic building, in which after opening in the late 80s, has become known as the largest hub for gadgets and tech in Singapore. Pinball Wizard is the first concept bar to open in Sim Lim Square, following the rejuvenation of offerings within the IT mall with hip cafes and retail spaces. Combining timeless pinball games with a great entertainment line-up and bar programme, Pinball Wizard will open throughout the evening before transitioning into club mode at night.
