Dear Home Buyer, Seller, or Realtor:

Thank you for allowing Boise Home Inspections to inspect your home. We realize that we are guests in your home, and we conducted ourselves with the utmost respect for your property.

As you move forward in your new endeavor, my commitment to you goes beyond an inspection. One of the beauties of this Valley is community. Over the years I've had the privilege of acquiring and developing trusted partnerships. These are fellow Businessmen of the Treasure Valley I support and confidently use myself. Many I know personally, others have come as trusted referrals. Although these are vendors I use, they may or may not be the right choice for you. Make some calls and do your homework before deciding! With that said, here is open access to my "Business Black Book." Enjoy and Blessings!

We'd also love to hear of anyone you know and trust so we can add them to our family of referrals. Once again, thank you very much for allowing us into your home. If you have any questions or observations, you may reach me directly by calling [208-794-3483](tel:208-794-3483), or by emailing me Danny@Boise-HomeInspections.com.

Sincerely,

Danny Hammock
