Dear Parents/Guardians,

We hope this update finds you well and in good health. We have completed almost one year of remote learning and while it has been filled with many changes and much uncertainty, we are grateful to have walked this journey with you as a member of our community. We acknowledge and appreciate your enormous effort and continual patience and support in helping your student navigate through the many changes that this past year has brought.

The most recent Executive Order from the Governor's Office mandates the reopening of all schools and school districts, statewide, for on campus teacher-led instruction. For the full details of Executive Order 2021-04 "Open for In-Person Learning", please reference the following link [https://azgovernor.gov/sites/default/files/eo\\_2021-04.pdf](https://azgovernor.gov/sites/default/files/eo_2021-04.pdf). This new directive requires us to reopen campus after Spring break, beginning Monday, March 22, 2021. Per the order, students and families who do not feel comfortable returning to campus, have the option to continue with virtual instruction through the end of the academic year. We will be providing **simultaneous teaching** (*classes where the teacher works with and teaches those who are in the classroom and learning remotely at the same time*). Our daily schedule will remain the same.

In an effort to prepare our classrooms and extension areas, it is important for us to know whom we expect back on campus. In the link below, we ask that you return the form providing us with information about whether your student will be returning to campus on March 22, 2021. In the same document, you are receiving further information about the school schedule, on campus safety guidelines, and important reminders as they relate to CDC recommendations. We ask that you return this form no later than March 16, 2021. <https://forms.gle/L5HhHHNcedavpQYx8>
