

BUILD AGREEMENT

Thank you for choosing Lone Wolf Speed and Custom LLC for your custom build. It is my goal for the experience to be an enjoyable and satisfactory one.

In order to provide guidance for you, the following policies have been developed to minimize ambiguities during the custom build process.

ESTIMATES

Because of the comprehensive nature of the custom build process, estimates or “bids” of the total cost of a project cannot be given at any time. It is most important that this is understood and accepted. If you have any questions, please do not hesitate to ask.

CHANGES TO ORIGINAL BUILD PLAN

Changes to the build, made by the customer after work has been started, can have a very large affect on the time frame and cost of the build. Lone Wolf Speed and Customs LLC will discuss your build with you in detail prior to starting any work. If changes occur the customer agrees to pay the increase in labor and materials fees.

FEES

Custom build charges apply to “time and materials.” Quality, comprehensive custom builds take time and will be expensive. Time spent on projects will be documented in labor logs. A list of parts, shop supplies and materials used will also be documented. Photos will be taken throughout the build process and provided to you at the end of the build.

LABOR \$60 per hour

DEPOSIT

A minimum labor deposit of \$4800 (80hrs labor) is required at the time of commencement of the build. This deposit will be applied to work performed on your build. Additional deposits will be required when the previous deposit balance drops to \$500 or less. This system of deposits will be used throughout the course of the build until completion of the build.

PARTS

Parts required for the build will be paid in full up front by the customer. It may be determined by Lone Wolf Speed and Customs LLC that this can be paid in stages depending on the size and length of the build.

The quality and cost of parts required for the build will be determined and agreed upon between the customer and Lone Wolf Speed and Customs LLC.

SHOP SUPPLIES

A deposit of \$500 for shop supplies and small parts will be collected at the start of the build. This will be used during the course of the build and additional \$500 deposits will be collected when the previous deposit is depleted.

STORAGE FEE

Lone Wolf Speed and Customs LLC is not a vehicle storage facility. In the event that the customer puts a "hold" on the build a \$50 per week storage fee will apply until work is resumed or the vehicle is removed. Storage period is not to exceed 4 weeks.

The customer may remove their vehicle at any time provided that all labor and expenses due Lone Wolf Speed and Customs LLC are paid in full up to date.

LIABILITY

The undersigned agrees and does hereby release from all liability and hold harmless Lone Wolf Speed and Customs LLC and any of its employees representing or related to Lone Wolf Speed and Customs LLC. This liability release is for any and all liability for personal injuries including death and property losses or damage in connection with any activity or accommodation of the above mentioned Business. The undersigned does hereby further agree to abide by all the rules and regulations that are presented by Lone Wolf Speed and Customs LLC.

Applicable Law

This contract shall be governed by the laws of the State of Arizona in Pima County and any applicable Federal Law.
