

## Star of Hope Update

In September 2019, The Star of Hope Foundation, in partnership with Rockport Building Partners and OPAL, began an extensive effort to stabilize and secure the building formerly known as the Odd Fellows Hall. Phase 1 will be completed by late fall.

On Thursday, October 15<sup>th</sup> work will begin to install an underground storm drain on the north side of the building. Windy Way will close at 2:00 PM and reopen on the morning of the 16<sup>th</sup>. SOH would like to thank its neighbors, along with the Town of Vinalhaven, for their understanding during the final phase of the construction process.

The Foundation is finalizing a brief slideshow detailing the interior of the building during the stabilization efforts. It will be available for viewing on the SOH website October 25<sup>th</sup>.
