Product Features

MANGOSTEEN-INFUSED WATER — Clinical studies have found that xanthones, the active antioxidants found in the rind of the mangosteen, possess hypoallergenic, anti-inflammatory and antibacterial properties. We use proprietary mangosteen-infused nano water to facilitate speedy absorption of this powerful ingredient to your skin.

ALOE VERA — Helps revitalize tired skin cells, bind moisture to the skin, improve appearance of pores, and more! Harvested and processed on site within a 2-hour window. Flash-freeze-dried (for 200x strength!), then re-hydrated with mangosteen-infused nano water, thus retaining all essential and non-essential amino acids.

ORGANIC COCONUT OIL — Naturally antibacterial and anti-fungal, coconut oil is an excellent moisturizer. Contains vitamin E, which is beneficial to restoring dry or flaking skin. Ours is cold-pressed and USDA-certified organic. Contains 45-48% lauric acid, 8-10% caprylic/capric acid.

KEY BENEFITS

What happens when you replace 8+ products — hello, shave cream! — with this amazing one? You save money and you get better results.

- Cleanser
- Toner
- Exfoliator
- Hydrator
- Brightener
- Primer
- Pore Minimizer
- Age Defier

REVEAL

8-IN-1 DAILY SKIN CARE

AVOCADO OIL — Natural, 100%-virgin avocado oil, cold-pressed, rich in vitamins A, B, D, & E as well as essential fatty acids. Penetrates skin easily, and effectively moisturizes and nourishes while soothing irritated skin and slowing signs of aging.

GLYCERINE* — 100% plant-based, vegan, and free of palm-oil derivatives. A polyhydric sugar present in all natural fats, oils and phospholipids, degraded to glucose in the body, derived from hydrolysis of fats & fermentation of sugars. Grades: USP, Kosher.

HYALURONIC ACID SLMW* — This amazing ingredient absorbs 500x its weight in moisture. A natural sugar that occurs in the skin, providing hydration, stability and lubrication. Being super-low molecular weight (hence the “SLMW”) means the smaller molecule enhances absorption by the skin.

M₂O™ HYDRATION COMPLEX — A proprietary blend of moisturizing agents clinically proven to moisturize skin for up to 72 hours. Combines low-molecular-weight moisturizers and humectants that mimic the natural moisture factor in the skin.

1.2 PROPANEDIOL* — This useful little glycol molecule, used as a skin-conditioning agent and humectant, is accepted in natural and organic products. We source a clean, organic, plant-based product produced in an environmentally responsible way.

BEHENTRIMONIUM* CETRIMONIUM* PHENOXYETHANOL CHLORIDE — All personal-care products that contain water need to be preserved so they don't foster growth of harmful organisms. We chose ingredients safer than parabens, and they're the very best preservatives currently available. Scientifically proven to be safe and effective at our low concentration levels.

CARBOMER — This powder stays on the surface of the skin, and it combines with other ingredients to “grab” and remove dead cells, dirt, makeup and excess oils. Gentle enough for daily exfoliation.

*plant-based

DIRECTIONS FOR DAILY USE

Apply generous amount to skin. Let sit for 30-45 seconds, then rub gently in a circular motion, using all four fingers. Rub until remnants diminish. Rinse with warm water, then pat dry.
