

BURN

THERMOGENIC POWER

Thermogenic booster for optimal weight loss

BURN capsules deliver the ideal boost to your weight-loss efforts, helping you combat those snack-attacks and boosting thermogenic activity, helping your body burn more calories without craving more food.

Take one twice a day: before breakfast and before lunch. Then, coordinated with TRIM between meals for hydration and help with appetite, your weight-loss efforts just got an unbeatable boost!

Product Features

YOHIMBINE HCL— A powerful vasodilator, yohimbine increases effective blood flow. But it's not only good for circulation, it also supports fat-synthesis, cutting through fatty-acid mobilization.

ALOE-VERA EXTRACT — Aloe is a natural digestive aid and a powerful antioxidant, helping cleanse the body of free radicals and oxidative stress. (But ours is considerably more appealing than other options that tend to be green and gelatinous.)

BITTER-ORANGE EXTRACT — Bitter orange has been used for centuries in China and in the Amazon as a dietary aid. Also a natural fat-burning stimulant.

WHITE-WILLOW EXTRACT — Used as pain reliever and as an anti-inflammatory for hundreds of years, white willow also has antioxidant and fat-burning properties.

THEOBROMINE — A tea-leaves extract, L-Theanine not only enhances mood, but it also relaxes you without making you drowsy. It also helps alleviate stress and anxiety, both of which are linked to weight gain.

GABA — A neurotransmitter that helps regulate the “yin” and the “yang” within our bodies. It helps regulate and balance mood, energy, and the burning of fat.

KEY BENEFITS

Feel the burn

- Appetite Control
- Thermogenic Power
- Herbal L-Based
- Simple to take
- Coordinate with Trim sticks

SUGGESTED USE:

Take one (1) capsule with breakfast, and one (1) capsule with lunch.

USE RESPONSIBLY. Intended for adults. Use as directed. Do not use if you are pregnant or nursing.

BURN

THERMOGENIC POWER

BLACK-PEPPER EXTRACT — Black-pepper extract acts as a kind of facilitator for other compounds, dramatically increasing their potential for absorption into the bloodstream.

PHENYLETHYLAMINE HCL — Another nootropic that works with chemicals in the brain to help minimize stress and improve relaxation, essential to successful weight-loss efforts.

GUARANA — This natural appetite suppressant increases metabolism and energy, and it's been acknowledged by the FDA as legitimate weight-loss support.

EPHEDRA VIRIDIS — This leafy green stimulates fat-burning by activating metabolism, and it also helps regulate blood-sugar levels.

GLUCURONOLACTONE — Regulates and stabilizes energy levels, helping it last longer so the body can burn more calories more efficiently.

WARNING

Not intended for individuals under the age of 18 years. Do not use if pregnant or nursing. Consult a physician or licensed, qualified health-care professional before using this product. Exceeding recommended serving may cause serious adverse health effects. If you experience rapid heartbeat, dizziness, blurred vision or similar symptoms, discontinue use and contact a physician or licensed, qualified health-care professional.

Additional Ingredient Information

Directions: Take one capsule w/breakfast, and one capsule w/lunch.
