

COREAO™

SUPER ANTIOXIDANT

The most powerful super-nutrients on the planet make CoreAO an everyday, immunity-boosting superhero

CoreAO is formulated to help you and your immune system take life by the horns, hog-tie it, and win the first-place ribbon. Even during flu season.

Your immune system is fragile; it has not only sickness to fight, but also free radicals, poor nutrition, stress, lack of sleep and more. So treat it right: Boost it up with natural superfoods specifically designed to keep it safe from nasties like that co-worker who just sneezed before shaking your hand.

Product Features

BIOPERINE®— BioPerine, a special extract from black pepper, is what's known as a “bioavailability enhancer.” It's been clinically proven to optimize — by 25–45% — your body's access to the critical elements of a supplement. BioPerine is so effective and unique that it's been granted a U.S. patent.

MANGOSTEEN — The truest superfood. Many researchers believe mangosteen is the preeminent plant-based anti-inflammatory food, as evidenced by 49 research papers on pubmed.gov. This sweet tropical fruit boasts powerful antioxidants that help fight off oxidation, infections and viruses. It's bursting with essential electrolytes, minerals and vitamins (including faves A and C), and it's high in fiber and low in calories.

AÇAÍ — This famous berry is an antioxidant superstar, teeming with “anthocyanins,” which have been linked to decreased blood-cholesterol. Açai has shown to lower and maintain healthy body weight, and it's associated with improved digestion, energy, cellular development and even brain function.

GRAPE-SEED EXTRACT — This powerful antioxidant acts as an anti-aging superstar, and can contribute to improved eye health. It has the immune-boosting nutrient hesperidin, a pop of vitamin

KEY BENEFITS

Basic research (including our own taste buds) confirms: CoreAO is the tastiest and antioxidant-iest thing around. Show your immune system some love!

- Packed with super-nutrients
- Loaded with antioxidants
- Just 5 calories
- 100% natural*
- Unrivaled taste

SUGGESTED USE:

- Add a stick to 16 oz. of chilled water.
- Shake it up
- Drink it up

USE RESPONSIBLY. Intended for adults. Use as directed. Consult with physician if you are pregnant or nursing.

COREAO™

SUPER ANTIOXIDANT

C, and wonderful cardiovascular properties that help blood flow.

BILBERRY — Another heroic fruit loaded with antioxidants. It has more of those delightful anthocyanins, to help protect at a cellular level, plus inherent anti-inflammatory properties and even more cardio support.

GREEN-TEA CATECHINS — One of the most powerful sources of antioxidants, it also has anti-inflammatory properties, immune boosters, and has been known to help cognitive efforts.

CRANBERRY — This berry has high amounts of vitamin C, which is a big immune booster, and also helps cleanse your system.

VITAMIN C — Taken regularly, vitamin C can help your body combat the effects of the common cold (*no matter how uncommon you, yourself, may be*). Also high in antioxidants to help fight free-radical damage, and it's a natural collagen-booster, which can help skin look smoother.

VITAMIN D — Essential vitamin for immune-system support and countering disease. Commonly associated with milk consumption and sun exposure — but not everyone loves those! (*But, obviously, everyone DOES love their CoreAO.*)

ASTRAGALUS — Renowned antioxidant and anti-inflammatory, with powerful immune-boosting properties. The best possible complement to the amazing CoreAO.

HYDRATION

And with all this, you have the added benefit of healthy hydration! Did you know most Americans drink practically no water at all? AT ALL. We get some water from some foods, but too many people rely on soda, coffee, or sugary juices...things not really made with your immune system in mind.

Additional Ingredient Information

Store in a cool, dry place, away from direct sunlight.
