Dear Johnette,

Louisiana's Higher Education Commissioner Jim Purcell is a finalist for the top higher education job in Florida. Purcell will reportedly be interviewing on the campus today. On Friday, Purcell notified his staff saying that he is not actively looking for another job. Rather, he was approached about applying for this opportunity.

While highly regarded by the Louisiana Board of Regents and many members of the legislature, he has not been popular with the Jindal administration, largely because of his public criticism of continued cuts to higher education funding.

If selected, Purcell will be running a system that has ended years of state cuts to higher education. Last fiscal year, Florida restored $300 million in state funding to higher ed.
