Greetings!

Last Wednesday, 250 college students from NWLA boarded buses at 7am so they could be among the 2000 students attending the Student Rally at the Capitol. After the noon rally, the students then attended the SBBA Student Summit at the Capitol where they met with 15 members of the NWLA delegation. The 2 hour event gave students the opportunity to hear from legislators and share their concerns.

This week the SBBA is also delivering a petition to legislators asking them to fully fund higher education. In just one week, the online petition garnered 1500 signatures from North Louisiana residents. For more information on both the rally and the petition, click here.
