Attn: Mr. Tony Misuraca  
Director of Operations Universal Construction International Bahamas LTD.

Registered Bahamian Corporation No. 78051C

Ref: Request to Assist with the Recovery of The Great Abaco District

The Council acknowledges receipt of your Proposal dated October 10<sup>th</sup>, 2019, as well as your request on October 18, 2019 in regards to all tax-free exemptions to perform our obligations.

Further, your request regarding tax free exemptions for equipment and materials was duly noted and awaiting approval. In view of the same, the Central Abaco District Council fully supports and endorses your proposal requesting a minimum term of three years, with provisional terms, notably the right of refusal for another three years based on mutually agreed terms. Once the relevant documents are received, works can commence immediately.

In view of the same, the Council has no objections to your requests. Moreover, your company has submitted all the necessary individual documents to the requested Central Government Agencies for final approval on all your duty-free tax exemptions and Immigration Work Visas.

The Council shares your enthusiasm in restoring and rebuilding our great island and while doing so, we commend your willingness to provide much needed employment for local residents. We look forward to a productive relationship with you and your company as we seek to rebuild a better Bahamas together.

Regards,

Mr. George Cornish J.P.  
Chief Councillor
