Unlimited Thought Life Enrichment Center

Mission Statement

Unlimited Thought is totally religiously non-specific. We encourage everyone to make their own spiritual connection in the manner which works best for them. "The times, they are a-changing." The intent of the Unlimited Thought Life Enrichment Center is to help ease the transition as our society, planet, and the human race changes from being fear-based to being love-based. It is not for us to say what is the best path for any individual, it is merely for us to provide the means to assist people to make their own choice on how to expand their consciousness and make their own spiritual connection with God. God is love; the connection is made through love; our society, our government, and all that we know will be improved and radically altered through love. It is symptomatic of our times for all that has been hidden to be revealed and for all fear-based organizations to crumble and fall while all truly love-based groups grow and expand. The time of a fear-based society is ending; a love-based society is being created, regardless of what any single individual says or does about it. We have now entered the active period of changes and the Shift of Consciousness. Unlimited Thought is here for all those newly awakening and asking "What the bleep is happening?"

1. A Word From Our Founder

We stand right now at the beginning of an active transition unlike anything before in human history. The people of Earth are just about to reclaim their freedom. This is an essential step in the Shift of Consciousness.

The most active part will be from now through December 21, 2019, according to Cosmic Awareness. Another respected source has set the dates from December 12, 2019 through January 12, 2020. Which specific dates are chosen is somewhat arbitrary; it is happening now, it will get a lot rougher quickly, and the most turbulent part will be over by mid-January.

There are links in this issue of the *Light Forum* which will give you a clear view of the big picture.

The best way to get through this is given by Cosmic Awareness in Section 2 (from November 12).

The big picture including benevolent extraterrestrials is given by Alex Collier in a

two-hour interview in Section 3 (from November 6).

Section 4 has an Alex Collier excerpt (from September 29), a Cosmic Awareness message (from October 13), and another Cosmic Awareness message (from October 20).

Section 5 has a Bill & Will Chat (from November 2) and a Bill & Will & Phil Chat (from November 8).

If you want to know what is right around the corner, I suggest you avail yourself of this free information.

There is nothing to fear - but a large number of people are just about to learn that nearly everything they have been taught is a lie, that they have been intentionally controlled and manipulated for all of their lives.

Attainment of TRUTH is a very necessary step in the Shift of Consciousness.

Namaste,
Bill Utterback

4. More from Rainbow Phoenix (3 free audios)

First: Message from Alex Collier - excerpt from Teleconference No.12 (September 29, 2019)

We had a really amazing time with Alex during his last Teleconference for Rainbow Phoenix. He gave a very encouraging main message, after which we had a discussion among ourselves and Alex answered questions.

The message from Alex is so good and needs to be shared, so I have cut this general info out to make a smaller audio with just his main message (there is feedback at the start but it clears after about 3 minutes).

We host Alex Collier as our guest every month, exclusively for our Rainbow Phoenix members.

Living in Paradox? I'm excited! Hope you get there, too! There is no order of difficulty in miracles. One is not "harder" or "bigger" than another. They are all the same. All expressions of love are maximal . . . Due to the sensitivity of topics that we will be voluntarily sharing, seats are limited to 8 individuals. Please make your reservation ahead. The structure of this class will be interactive, lecture, readings, and life processing. We come together to support one another through this adventure. What you will need to bring: An open mind, an open heart, A Course in Miracles (combined volume), and the desire to make a change in your life!

*"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people*

## **10. How to Schedule a Class or Activity Here**

Our Classroom Guidelines policy is displayed on the wall in the classrooms. The short version is:

You can see what classes we have currently scheduled on our Calendar of Events on our website or you can pick up a printed calendar. We have two classrooms and we are open Sun noon-6pm, Monday-Friday 10am-9pm, and Saturday 10am-6pm. Most weekday classes are 7-9pm. <https://unlimited-thought.com/calendar>

Schedule with me via email. Tell me what days, beginning times, and ending times you want. I will either schedule you for that or suggest an alternative. You are not scheduled until I email you telling you that your schedule is confirmed. I need you to tell me the cost (or free or donation).

Sometimes a discount is offered like series of 5 classes, \$20 per class or \$80 for the series of five if paid by X date. Or, 4 people pre-registered by X date required for class to be held, or 4 people pre-registered and paid by X date required for class to be held. That information needs to be given to me at time of scheduling request and must be on the flyer.

After you are scheduled, I will need for you to bring us a quantity of letter size printed flyers for your classes. You can see flyers here for other classes and activities. Your flyer should give the reader an understanding of how they will benefit from attending your class.

Also, I will need for you to email me a text description of the activity to go in our weekly email newsletter *Light Forum*. That can be the same text as on the flyer or longer.

The deadline for our printed calendar is the 15th of each month. That would be

February 15 for the March calendar. You do not have to be on the printed calendar in order to schedule, but being on the printed calendar (scheduling before the 15th) is highly desirable.

You set the price and you get 70% (or slightly less for payments made by credit/debit cards).

For a one time class or a short series of classes with a fixed cost, we take 30% with no minimum. If no one comes to the class, we both make nothing.

For classes up to two hours long that are free or donation, we have a \$20 minimum due to us. If donations are \$50 we take our 30% which would be \$15; we also take \$5 more to make the \$20 minimum, so you would get \$30. If donations are a total of \$10 we will want \$10 more from you for a total of \$20 to us. A 6 hour class that is free or donation would have a \$60 minimum due to us (\$10 per hour).

You have the option to schedule as a Permanent Recurring Activity (like every Monday evening until you say stop). There is a minimum \$20 per class due to us (for up to two hours), or more if our 30% is over \$20. The advantage to you is that no one can take your place on the schedule by scheduling in the future for the same days/times. If you want to cancel one class only of a Permanent Recurring Activity, you can avoid being charged the \$20 minimum by canceling before that monthly calendar deadline (the 15th). A 6 hour class that is a Permanent Recurring Activity would have a \$60 minimum due to us (\$10 per hour).
