## **ARTICLE 14**

### **PROBATIONARY PERIOD**

#### **Section 14.1:**

Each new employee undergoes a six month probationary or "trial" period. This provides the Nurse and the Hospital an opportunity to see if work is satisfying to the Nurse and if the Nurse is suited to the position. During the probationary period, the Nurse is able to resign without providing notice for any reason or no reason, and the Hospital is able to dismiss the Nurse without notice at any time therein for any reason or no reason. The Nurse's performance will be evaluated in writing at the end of the probationary period. The probationary period may be extended by mutual agreement between the Association and the Department Head or the Administrator.

#### **Section 14.2:**

However, if an employee changes positions and/or departments, a six (6) month transitional period will be required for performance in that position. Benefits will only be affected if there is a change in the full time/part time status; an employee's step level shall remain the same. In the event an employee does not successfully complete this six (6) month transitional period, the employee may apply and be considered for other openings for which they qualify.

## **ARTICLE 15**

### **EARNED TIME SYSTEM**

#### **Section 15.1:**

The Hospital incorporates vacation, holidays and sick leave into a single plan. The Earned Time System rewards those employees who use sick leave prudently and at the same time improves staffing predictability. ETS may be requested for missed scheduled hours only. Under normal circumstances, ETS should be requested a minimum of one month in advance. All time off must be approved by the Department Head to ensure that the needs of the Hospital are met. There is no guarantee that the leave requested will be granted; however, such request shall not be unreasonably denied.

**Section 15.2:**

The number of hours earned is proportionate to the number of hours worked (up to 80 hours per pay period) and the number of years employed. A full time employee, working 80 hours a pay period, will accrue 24 days each year. The following guideline was used to come up with these 24 days:

- 10 vacation days
- 8 holidays
- 6 illness days

**Section 15.3:**

Earned Time hours begin accruing with the first day of employment and may be taken the first full pay period from those accrued after satisfactory completion of the six month probationary period. If an employee terminates or transfers into a position without benefits prior to satisfactory completion of the six (6) month probationary period, any ETS they have accrued will be lost.

**Section 15.4:**

A minimum of 80 hours per year must be taken off by each full time employee. At least 40 of these hours must be consecutive. Accrued Earned Time will be paid upon termination after satisfactory completion of the six month probationary period at Employee's base hourly rate.

**Section 15.5:**

If an employee reaches the maximum hours permitted in the account, the employee must use some of the accrued hours in order to allow for additional accrual. This policy is adopted to assure that the employee takes, and benefits from, use of their ETS.

If an employee requests time off following departmental policy, and is denied usage of accrued hours resulting in the employee reaching maximum accrual of ETS, in addition to the ETS policy described in the Employee Manual, the employee may cash in 40 hours of ETS per the following schedule: January 1 through January 15, May 1 through May 15, and September 1 through September 15.

**Section 15.6:**

Earned Time hours will accrue per paid hour according to the following schedule:

	Years Employed	Accrual Rate	Possible Accrued Hours/Yr.	Max. Hours Allowed In Account
Part Time/	0 - 4	0.092	192	240
Full Time	5 – 10	0.112	232	240
Employees	11+	0.131	272	280

**Section 15.7:**

Earned Time may be used to offset a loss incurred during a scheduled time off or vacation for the night and evening differentials. Nurses can use an additional half-hour (0.5) of ETS for every four (4) hours of ETS taken for regularly scheduled shifts in their home department working evening or nights, to a maximum of forty (40) hours per week.

## **ARTICLE 16**

### **FLEXIBLE COMPENSATION**

#### **Section 16.1:**

The Hospital offers a flexible compensation plan which allows Employees to pay unreimbursed medical expenses and child care with pre-tax dollars. Your health insurance premiums, life insurance premiums, vision premiums and dental insurance premiums are automatically placed under this program in order for you to have those premiums deducted from paychecks on a pre-tax basis. To enroll in FLEX, Employees need to determine what expenses will occur during the plan year from July 1st to June 30th. That amount is divided out into the paychecks for that plan year. Those deductions will be taken out on a pre-tax basis. When Employees incur those expenses, they must send the required documentation to the FLEX Administrator, who will reimburse them. FLEX has a fee that is shared between the Hospital and Employees. If Employees do not use all benefits during the Plan Year, \$500 can be rolled over to the following plan year. Any balance above \$500 will be forfeited to the Hospital after the end of the Plan Year.

## **ARTICLE 17**

## **LEAVES OF ABSENCE (NON-FMLA)**

### **Section 17.1: Leaves of Absence (other than Family and Medical Leave)**

With the permission of the Department Manager, absence without pay up to two calendar weeks may be taken without being considered Leave of Absence (LOA). Any absent days in excess of two calendar weeks will be considered Leave of Absence.

Leave of Absence without pay up to a maximum of six (6) months may be granted to employees after satisfactory completion of their six month probationary period with the recommendation of the Department Head and the approval of the Administrator.

Employees who are granted a Leave of Absence will lose their current posting, all insurance benefits will end, and any ETS owed will be paid. Employees will move into a per diem status.

Employee benefits will not accrue during Leave of Absence.

When a Nurse is ready to return to work, s/he may apply for any posted positions for which the Nurse qualifies.

A Leave of Absence shall be requested through the Human Resources Department in writing and approval or rejection shall be in writing. Leave of Absence shall not be permitted to engage in gainful employment without the Hospital's written consent, which will not be arbitrarily withheld.

### **Section 17.2: Military Leave**

Employees called to active duty training with a reserve component of the Armed Forces will be placed on Military Leave status. Normally, such periods of military training will not exceed 15 calendar days per year. However, MDMH will comply with applicable law regarding military leave. Military Leave is leave without pay. Employees will not be required to use ETS hours while on Military Leave. Employees will not lose accrued benefits during Military Leave.

The arbitrator shall be requested to render a written decision within thirty (30) days following the arbitration hearing. The decision of the arbitrator shall be within the scope and terms of this contractual agreement and shall not change any of its terms and conditions.
