

Sleepy Time Headrest Installation Instructions

Place the headrest on the child carseat making sure the back panel is between the child carseat and the automobile seat. The carseat should be securely fastened to the automobile seat for your child's safety and for the headrest to work properly.

Fasten hook and loop sides together under child's chin.
(Do not fasten the hook and loop closure on children under 15 pounds)

We have supplied sticky back Velcro if you need to hold in place on a wheelchair, stroller, etc.
