

USED EQUIPMENT

Wise is a supplier of used pre-hung door and stair building machinery for more than 30 years. The Wise staff is trained to supply you with the knowledge and options to make an informed purchase. Once you decide, our expert technicians clean, repair, and test all equipment extensively to ensure that all systems are running in accordance with factory specifications. Our goal is always your satisfaction!

Wise offers three levels of used machinery so that our customers receive equipment that is best suited for their process and budget. All used equipment offered by Wise undergoes a rigorous and extensive inspection process to ensure proper function. Learn more about our programs for used, reconditioned, and remanufactured equipment below:

Used Equipment

- WISE certified multi-point inspection of critical components
- Repair or replacement of non-functioning components
- Product tested for functionality
- Machine will be in good working order prior to shipment

Remanufactured Equipment

- Equipment is stripped down to the frame
- Manufactured parts are thoroughly inspected and repaired or replaced as needed
- Frame and all manufactured parts are cleaned, primed and repainted
- All new electrical box and components
- New pneumatics: valves, cylinders, electric solenoid valves, fittings and tubing
- New electric motors and routers
- New high-quality belts, pulleys, bearings, and hardware
- New carbide cutters, bits and blades as required
- Machinery is shipped in "like-new" condition
- Product tested for functionality and set-up per customer requirements
- 1-year limited warranty on all pneumatic components

Refurbished Equipment

- WISE certified multi-point inspection of critical components
- Equipment is thoroughly cleaned
- Repair or replacement of damaged or non-functioning components
- New pneumatics: valves, cylinders, electric solenoid valves, fittings and tubing
- Bearings, bushings and other components are inspected and repaired or replaced as necessary to meet factory specifications
- New carbide cutters, bits and blades
- Product tested and set-up per customer requirements
- Equipment is shipped in excellent operating condition
- 1-year limited warranty on all pneumatic components

Wise Used Equipment Purchase Program

- Wise will buy your old pre-hung door and stair equipment
- Wise will also offer trade value toward the purchase of a new model
