Based on the guidelines below, please rate (1-10) the student's proficiency level to understand, speak and converse in English. **Proficiency Rating:** _____

- 1) Student has little or no understanding of English.
- 2) Student understands a few words, but has little or no ability to communicate or carry on a conversation. Student cannot understand even simple questions.
- 3) Student understands individual words, but cannot form simple sentences. Student lacks basic knowledge of English grammar. Speaking ability is limited by small vocabulary. Student hesitates a great deal and lacks confidence in his/her ability to use English.

Grammar and sentence construction are poor but understandable. Limited vocabulary. Several weeks of intensive English instruction will rapidly improve the student's abilities.
- 5) Student can understand much more than he/she can communicate. Has some difficulty conversing in English and gets lost when conversation departs from basic topics. However, student makes an effort. Can communicate using sentences even if grammar and structures are not always correct.

Makes some grammatical and/or vocabulary mistakes, but is understandable. Can carry on a conversation with relative confidence. Pronunciation may be awkward, but is understandable. Student will progress steadily in English after arriving in U.S.
- 7) Student can understand most statements. Pronunciation and speaking ability are good, but needs practice. Will generally have little difficulty after the first few weeks in the U.S. Student can go beyond basic responses and elaborate thoughts. Has good vocabulary and knowledge of grammar, but needs to think briefly before responding.
- 8) English responses, although not perfect, come naturally. Student responds easily in English. Has understandable pronunciation, good vocabulary, and comprehends almost everything. Can respond intelligently and fluently in complex sentences.
- 9) Student possesses near fluency. Sentence structures are near perfect and can understand and respond to difficult questions. English knowledge includes abstract terms. Will have no problem at all in communication after arriving in U.S.
- 10) Absolute proficiency/fluency in English. Student is able to both understand and converse, dealing with abstract terms and concepts. It is clear the student is thinking in English and would feel comfortable in an English-speaking environment.

Does the student have the English skills to succeed in a U.S. High School? () Yes () No () Not Sure

STANDARDS OF CONDUCT And TRAVEL AUTHORIZATION

**To be read, signed, and dated, with each page initialed,
by the student and both parents or legal guardians. Please use black ink.**

The purpose of Children Around the World is to provide opportunities for people of diverse cultures to come together to learn about different points of view and ways of life. Cross-cultural understanding is, we believe, a fundamental step in promoting relationships and World peace. Children Around the World expects the highest standards of behavior from program participants at all times.

In turn, the staff of Children Around the World and Area Coordinators in local communities work together to ensure that the student's stay in the United States is as successful, safe, and secure as possible. The following Standards of Conduct have been established for that purpose. Violation of these rules will lead to disciplinary action and possible termination from the Children Around the World program. Violations of local, state, or federal laws or serious misbehavior in the host family or the community will result in an early return to the student's home country at the expense of the student's parents and with no refund of program fees.

LOCAL, STATE, AND FEDERAL LAWS

If a student is arrested, or it is reliably confirmed that the student has acted illegally, program sponsorship will be revoked, resulting in early return as soon as legally possible to the home country at the expense of the student's parents.

- 1) Drinking of alcoholic beverages, including beer and wine, is not permitted while in the program and is illegal in most states for persons under 21 years of age. Possession or use of recreational drugs or substances (such as marijuana, even where legal) is also not permitted.
- 2) Smoking of tobacco is not permitted in the program and it is illegal in most states for persons under 18 years of age to purchase or receive tobacco products.
- 3) The student must not buy, sell, possess, or use illegal drugs of any kind or use any controlled drugs, unless prescribed for him/her by a physician or other health professional. If the student is taking prescription drugs, the name, dosage, and length of time of use for each drug must be listed on the Children Around the World Medical and Dental Information form. The student must not associate with any person involved in illegal drug-taking or drug trafficking. The host family must be given a list of any non-prescription drugs, herbal remedies, dietary supplements, etc., the student may be taking.
- 4) Shoplifting and theft are illegal and may lead to criminal charges.
- 5) Students must not commit or take part in any act of violence against another person or property.
- 6) It is illegal for the student to take regular employment while in the U.S. The only exceptions are occasional odd jobs, such as yard work or baby-sitting. Any such jobs must not interfere with school work, and the student must have host family permission.

SCHOOL AND INTERSCHOLASTIC SPORTS PARTICIPATION

Schools expect exchange students to maintain high academic standards and to participate actively in school life. U.S. schools believe that the presence of exchange students enhances the learning environment. Therefore, a student who is deficient at school due to problems with attendance, attitude, discipline, or failing grades will be terminated from the Children Around the World program and returned home immediately.

- 1) The exchange student is not guaranteed placement in a certain grade level, or that transferable credit will be granted, or that a diploma will be awarded at the end of the academic program. All such decisions are at the discretion of individual schools and/or districts.
- 2) Athletic eligibility or participation in scholastic/interscholastic sports is not guaranteed. Eligibility is at the discretion of each school. Depending on local regulations, if a student has graduated from high school in the home country or has completed a certain number of years of high school, he/she may be deemed ineligible for interscholastic sports. Students who try out for school sport teams are not guaranteed a place on the team.
- 3) The student must obey all school rules, attend classes regularly, and be responsible for assuming a full course load (including an English and History course.) for making a strong effort in all classes, and for maintaining at least a "C" average with no "F" (failing) grades at the end of the semester.
- 4) The student is responsible for all tuition and school fees. Fees may include but are not limited to: registration, books, lockers, laboratories, gym/physical education, yearbook, class ring, letter jacket, student activities, etc.
- 5) The student may choose one of the following options for lunch on school days: a) bring a sack lunch from home containing, for example, a sandwich and an apple; or at the student's expense, b) buy a lunch at school (cafeteria or vending machines); or c) buy a lunch off-campus (if the school permits).

Initial: X _____ X _____ X _____

HOST FAMILY PARTICIPATION

Host families participate in the Children Around the World program because of their sincere desire to have a cross-cultural experience and learn about other cultures while sharing the American way of life.

- 1) No guarantee is made with regard to placement in a particular region of the U.S., nor in a town of a certain size, nor with a particular kind of host family (for example, with a teenager in the home).
- 2) A private bedroom is not guaranteed. Only a separate bed is guaranteed.
- 3) The student must comply with all reasonable rules of the host family (e.g. curfews, chores, visitors, phone calls, e-mail, etc.). The student must not make any long distance/international calls that would appear on the host family's phone bill.
- 4) The student must keep the host family informed at all times of his/her whereabouts, with whom he/she is associating, and time of departure from and return to the host family's home.
- 5) The student must not borrow money from the host family or from any other source. Natural parents must supply the student with an adequate amount of spending money at all times, normally \$200 - \$300 per month.

NATURAL FAMILY VISITS AND STUDENT TRAVEL/TRANSPORTATION WHILE IN THE PROGRAM

- 1) Visits by members of the student's natural family or by friends from his/her home country can be very disruptive to the adjustment of the student and an inconvenience to the host family. Therefore, visits during the first six months of the program are not permitted. All visits are discouraged until the very end of the program. Any visit during the program must have the prior permission of the main office.
- 2) The student is not permitted to travel outside the local area by him/herself or only with peers.
- 3) The student is never permitted to hitchhike, whether alone or with companions.
- 4) The student is not permitted to ride in vehicles driven by individuals under the age of 25.
- 5) Overnight travel with the host family, another family, a responsible adult (at least 25 years of age), approved groups (e.g. church, school, etc.) is permitted if **prior** consent is given by the natural parents, host parents, and Area Coordinator. The host family and Area Coordinator must be informed of all such trips and have a phone contact to reach the student in case an emergency should arise.
- 6) If a student travels outside the United States, he/she must always carry a passport and I-20. Before departing, the student must check with the Area Coordinator regarding re-entry procedures. The student must also contact their school office to insure his/her I-20 is current.

DRIVER'S EDUCATION AND DRIVING A MOTORIZED VEHICLE

Except as allowed through the separate Student Driving Agreement and Parent/Guardian Consent and Release Agreement, because of the danger and liability involved in driving, the student may not otherwise drive any motorized vehicle: This includes, but is not limited to, any car, truck, motorcycle, All-Terrain Vehicle (ATV), boat, farm equipment, snowmobile, etc. Participation in high school Driver's Education courses or the acquisition of a driver's license while in the program is not guaranteed.

- 1) Driving while accompanied by a qualified instructor as part of a Driver's Education course in high school or private driving school may be permitted. The cost of any driving course must be borne by the student.
- 2) If the student obtains a driver's license while in the program, the license must be surrendered to the Area Coordinator until the student departs the U.S. It is illegal to drive a car in the U.S. without a driver's license in the driver's possession.
- 3) The student may not use the host family's car for driving or driving practice under any circumstances. The student is not allowed to rent or purchase a car for his/her use while in the program.

LIFE-CHANGING DECISIONS AND MISCELLANEOUS RULES

- 1) Students will not be permitted to make life-changing decisions, including but not limited to marriage or any other decisions with legal, political, and/or social ramifications. Getting tattoos or piercings is also not allowed.
- 2) Students are to refrain from sexual behavior and activity. Students found to be pregnant or responsible for a pregnancy will be sent home immediately.
- 3) The student may not withdraw from the program at any time without the permission of Children Around the World. If a student leaves the program for any reason other than a legitimate emergency (death or serious illness in his/her immediate family), he/she may not return to the program and will not receive a refund.
- 4) If the student is transferred from one host family to another, any transportation costs incurred are the responsibility of, and shall be borne by, the student and the natural family.

Initial: X _____ X _____ X _____

RETURNING HOME AT THE END OF THE CHILDREN AROUND THE WORLD PROGRAM

- 2) The student must return to the home country at the end of the program (i.e., 1-2 weeks after the end of the academic term for which the student was enrolled) unless prior permission has been granted by the Children Around the World main office for adult-supervised travel.
- 2) Unsupervised travel or travel with peers is NOT permitted at the end of the program. Adult-accompanied and adult-supervised travel may be permitted at the end of the program only if permission is given in writing by the natural parents or legal guardians and the Children Around the World main office. A detailed itinerary of travel plans, including modes of travel as well as addresses and telephone numbers for emergency contact during the travel period must also be submitted. Students must also extend insurance coverage, if necessary. Students MUST depart the United States prior to the expiration of their visa status.
- 3) If a student leaves a host family or the U.S. and has any outstanding debts (such as medical bills not covered by insurance or long distance telephone calls), the student's natural family will be responsible for payment of these debts in addition to a \$25.00 surcharge to cover the administrative costs to Children Around the World, LLC for collection and payment.
- 4) If the student decides to return to the U.S. as a student, he/she will not seek or accept accommodations from the family that hosted that student during their previous stay or seek enrollment in the same school previously attended without contractual arrangement with Children Around the World, LLC.

Program Agreement

Children Around the World, LLC, its agents, principals, sponsors, affiliates, directors, officers, employees, representatives and attorneys (collectively Children Around the World, LLC), the undersigned parent(s) or legal guardian(s) ("Guardian(s)") and student ("Student"), understand and agree to the terms and conditions stated in this agreement ("Agreement") relating to Student's participation in Children Around the World, LLC's student exchange program ("Program"). Guardian(s) and the Student are referred to collectively as the Participants (Participants"). Adult(s) and their resident children who host a Student for the Program term are referred to as the Host Family ("Host Family").

A. ADMISSION AND PLACEMENT: Children Around the World, LLC considers criteria as Student application packet materials, academic background, school transcripts, age, education level, physical and mental health, references, essay, and personal interviews in determining whether to admit the Student into the Program. Children Around the World, LLC has the sole discretion to determine whether the Student will be admitted into the Program and such determination is final. All preferences and characteristics of the Student may not be accommodated in the placement process. Further, Children Around the World, LLC relies solely on Host Families to select a Student. Once the Student is selected, a Host Family devotes considerable time, effort, and resources to hosting the student. Children Around the World, LLC cannot control or guarantee student selection nor the timing of the selection and placement.

B. DISSIMILARITIES AND DIFFERENCES ABROAD: In addition to learning the English, the Student is expected to adapt to the culture and lifestyle of the Host Family in the United States. There may be significant cultural, economic, and lifestyle differences between the Student's home country and the U.S. The U.S. may have different health care services, living conditions, road and transportation systems, educational approaches and systems, criminal justice systems, civil liberty laws, customs and values. Some U.S. services, living conditions, or systems may be relatively inadequate, unsafe, or unreliable in comparison to the Student's home country. Other U.S. services conditions or systems may be superior to the standards in the Student's home country. Living conditions vary from one Host Family to another even in the same community. Participants must be aware of and accept these differences and the risks associated with traveling and living in another country. The Student's level of maturity must be adequate to recognize and cope with these differences and risks. The Guardian(s) must take responsibility to educate and prepare the Student for the risks associated with foreign travel and living abroad. Program Representatives are available by telephone to provide assistance on an ongoing basis during the Student's participation in the Program. However, the Program cannot and does not provide constant direct supervision of the Student and does not act in the capacity of in loco parentis. The Guardian(s) retain all rights and duties relating to the welfare of the Student. As a condition of acceptance into the Program, the Participants agree to hold Children Around the World, LLC harmless for all injuries and/or damages incurred during the Student's participation in the Program resulting from any risks associated with international travel and living abroad, and any negligence and/or intentional acts caused by a third party, including but not limited to any member, guest, employee, agent of the Host Family or other persons in the host country.

Consent Agreement

A. HOST CARE TREATMENT: The Guardian(s) and/or Student consent, authorize, and grant Powers of Attorney to Children Around the World, LLC and its representatives, or any adult Host Family member to obtain any medical, dental, surgical, psychological, psychiatric or hospital care deemed necessary by any health care provider, for the health, treatment and care of the Student during the Student's participation in the Program. Any problems arising from inadequate or improper care shall be the responsibility of the health care provider. Children Around the World, LLC shall not be liable for any failure to secure or the adequacy of medical attention. The Guardian(s) and/or Student authorize the health care provider to release the Student and/or all health care records relating to the Student to Children Around the World, LLC and its representatives, or any adult Host Family member, and also grant permission for the Student to receive any and all immunizations required by federal, state, or local laws or by school authorities for participation in the Program.
