
Hey NAWIC Sisters!

*It's time to
start planning
to "Get Your
Doll On!"*

*Our NEF
Annual
Conference
fundraising
event for 2020
is going to be
just plain fun!*

We hope you'll take this idea for NEF fundraising back to your chapters and regions. We're having a competition...one where you'll have

to be creative and come up with your very own Construction "Barbie™"!

Each Region will be asked to hold their own contest at their 2020 Spring Forum. Chapter bragging rights are on the line!

Then, bring the winning doll from each Region to Annual Conference in Houston and we'll let the participants decide by voting with their pocketbooks... in Ladder Club increments (\$25.00)! Support the NAWIC Education Foundation by voting for the best representation of a construction doll.

Look for more information from NEF in our newsletter, on our website and email from Frances Jackson, NEF Fundraising Chair. We want everyone to have lots of time to plan and be creative. There will be guidelines for participants, chapters and regions to follow shortly.
