Kerry Relihan - MWD Missions Catalyst.

FRUITFUL MISSION STRATEGIES: Doing It!

Does your church have a missions strategy? Is it fruitful? Every church no matter the size can have a strategic fruitful impact on reaching the world beyond your "Jerusalem." I will share a few key principles for developing a missions strategy at your church. But principles are nothing without practice. So I will share actual opportunities for you to put those pieces together. Let's IMAGINE what churches can do TOGETHER to reach the 2.5+ billion among the unreached people groups of our world.

Alvin Sanders - President/CEO at World Impact

"The Church and The Poor."

Maria Santos - Teacher, mother of five, wife of the Hispanic Ministry pastor at Brookside.

My Immigration Story

Maria shares her story as an immigrant in the United States. More than her story this is a testimony about God's unconditional love and grace.

Brad Wos - Multi-Cultural Director, Central District - EFCA

Practical Steps to Reach Immigrant's and Renew the Church

Practical steps for Transforming the New America (Samerica). Practical steps for High Schoolers, Practical steps for Families, Practical steps for Cell groups, Practical steps for Churches. But it all starts with the question: do I want to join in what God is doing? This workshop will not be about politics, economics or philosophy. Let the government do what they must do. We will support the rule of law! What we will work on is what the church is called to do, as Peter and John said, "we cannot but speak the things which we have seen and heard." Acts 4:20. Transform one soul at a time. Soul on soul.

Plenary Speakers

Huron Claus - Monday, February 17, 9:45 AM

"A Portrait of the Gospel among the Native American people from the past to today"

Huron Claus, President of CHIEF Inc. and 5th generation follower of Jesus Christ, will give an overview of the impact of the proclamation of Jesus Christ to the Native First Nations People. He will offer current opportunities in demonstrating the love of Jesus Christ in proclamation and practical ministry.

Brad Wos - Monday, February 17, 2:40 PM

"Transform the Nations Within"

FACT: The 2060 Census Bureau is projecting that the population of the United States will hit 404 million, and nearly all of the net growth will be from immigrants in America. These immigrants will be a population the size of France and Belgium combined. Without them America would be at zero population growth. But the shift is already here. Check out the international food/spices in your local grocer. Look up your local district's website demographics. Foreign missions: Why go over there when among them there are 82 unreached people groups? CHOICE: love, serve and reach them for Jesus...or not. Not is the safe default. CHALLENGE: Transformation: Open your eyes and look at the harvest." Then align with what God is doing. Finally, pass the Church forward. Join the adventure of the apostles...here at home.

Alvin Sanders - Monday, February 17, 7:00 PM

"Thy Kingdom Come"

When we confess Jesus Christ, we are confessing the world changing idea that Christ came to die for sins, defeat Satan and destroy the devil's works, and to reestablish the reign of God on the earth. That's the work that Jesus did with his life, death, burial, and resurrection. In this session, Dr. Sanders will teach on what it means to be Kingdom citizens.

Kevin Kompelien - Tuesday, February 18, 10:45 AM

"Missions Across the Street and Around the World"

Missions opportunities continue to expand around the world while at the same time doors are opening for gospel ministry among some of the world's least reached peoples in communities here at home. America is a significant mission field, and it is imperative that churches see their own communities through the eyes of missionaries while at the same time keeping a heart for missions in other places. Kevin will explore how your church can be engaged in meaningful ways in missions both across the street and around the world.
