

Dear Friend of Higher Edge -

If you share our belief that all young people should have equal opportunity to pursue their educational goals and dreams, please invest in our work to help low-income and first generation college bound students get to and through college. With a caring, experienced staff, Higher Edge creates a relationship and trusting partnership with every student so that they have the tools and mentoring they need to navigate this positive path to a bright future. Your gift will help make this future possible.

Gifts at all levels are warmly welcomed!

Warm regards –

*Theresa M. Armendarez*
